BRILLIANT

Super-Producing Everbearing Strawberry

**Spring
1953**

7000 QUARTS PER ACRE

No other everbearer can equal "Brilliant's" amazing production record — 2000 quarts more per acre than any other variety tested! It is justly acclaimed the "World's New Everbearing Champion."

Matchless Quality and Flavor

Never have we seen a Strawberry that charmed us so with its live glistening beauty! "Brilliant" berries are so bright and appetizing you can almost taste them before they reach your lips.

Ripe Berries In 3 Weeks!

"Brilliant" is the quickest berry maker you ever saw! The plants are so thrifty and vigorous the very first blossoms can be left on to bring you perfect berries just a few weeks after the plants are set out. Give "Brilliant" a trial—a few short weeks will convince you that it really is supreme in every respect.

Premier EARLY

The Dependable Strawberry

The best-selling Strawberry from coast to coast. One of the earliest to ripen, Premier starts to bear heavily before other varieties get started and bring "first-of-the-season" high prices. Plants are thrifty, vigorous growers and make a good fruiting row; ripen early and continue bearing heavily all through June.

The berries are uniformly large; long, pointed in shape and bright scarlet-red; have a super-delicious flavor. Can be trucked long distances and still look fresh, bright and very appetizing. Wonderful for fancy dessert and canning.

Perfectly self-pollenizing; drought-resistant.

Set plants in April and May. They will bear next year. Ready to ship after April 1.

New Arrowhead

RED CLEAR THROUGH — BEST FOR FREEZING

The new June bearing Strawberry from the University of Minnesota Experiment Station. Plants are hardy, very vigorous growers and are highly productive. Attractive large size berries, firm yet juicy, rich dark red color clear through, and sweet delicious flavor; they are greatly prized for market, freezing and jam. You will want to include this outstanding new Strawberry in your plantings.

Superfection

A LEADING EVERBEARER

In just 12 weeks after planting you will get big, juicy, richly flavored red berries from your Superfection plants. Berries are firm, do not discolor after picking, and keep exceptionally well. Superfection has proved to be rugged and hardy in Northern Michigan; withstands adverse weather conditions. Plants set in April or May will have ripe berries by August this year. Don't delay, order your plants today.

EVERBEARING STRAWBERRY

BIG YIELDS
Large Perfect Berries
Matchless
Quality and Flavor

"Brilliant" berries are so bright and appetizing you can almost taste them before they reach your mouth. The flavor is an outstanding accomplishment—rich and tangy but lacking in the acidity so common in everbearers; so tasty and juicy you can enjoy them before fully ripe. The flesh is of firm texture and solid throughout. Fine for preserves and top quality when frozen.

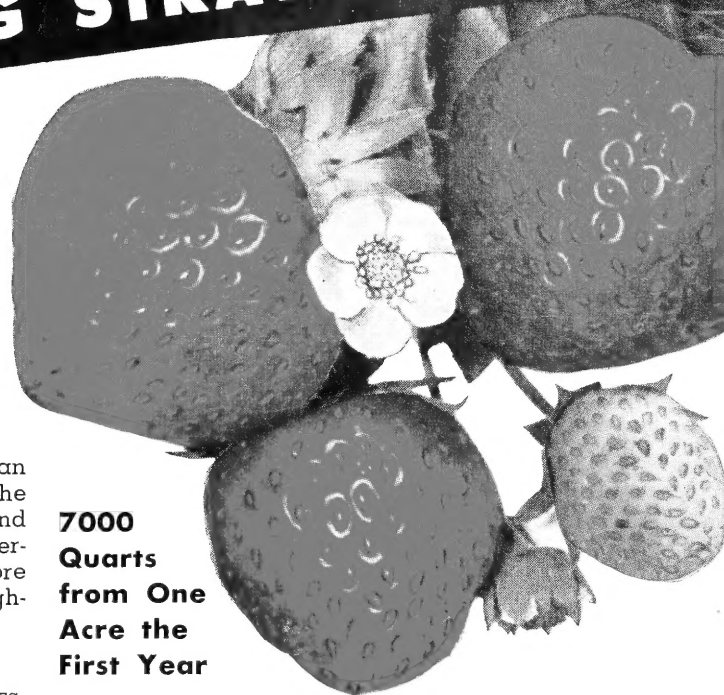

Acclaimed World's Everbearing Champion

"Brilliant" has won all records for BIG YIELD and PERFECT BERRIES. Out of tests made with seven new and many old everbearing varieties, Brilliant has won first place. Brilliant produced 7000 quarts per acre—2000 quarts more than any other variety. It is the only everbearer that makes a solid fruiting row against all odds of weather, and keeps fruiting steadily all summer and fall. Brilliant is a 100% perfect pollinizer and matures every berry to full size, uniform shape and even color.

Large Ripe Berries A Few Weeks After Planting

Brilliant is the quickest berry maker you ever saw! The plants are so thrifty and vigorous that unlike other everbearers the very first blossoms can be left right on to bring you perfect berries just a few weeks after the plants are set out. We suggest you give Brilliant a trial this spring. A few short weeks will convince you that it really is supreme in every respect.

For a big, money-making commercial crop none can equal Brilliant. The berries are so fancy they sell at a premium all fall. Even a small plot of ground—one-fifth to one acre—will bring a handsome return on your investment.

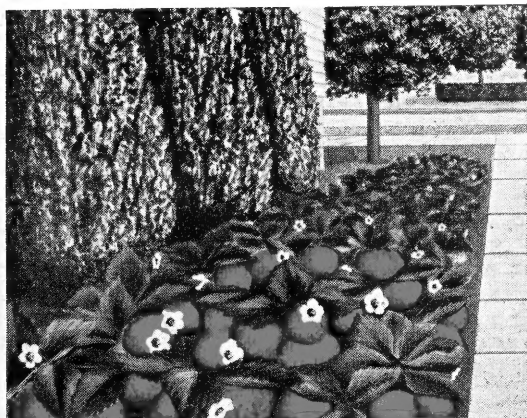

**7000
Quarts
from One
Acre the
First Year**

Has Stood Every Test

Through the droughts of the past years, when other Strawberry plants dried up, Brilliant continued to thrive and produce its usual enormous load of top quality fruit. Excessive fall rains which usually hinder pollinization and spoil the crop of other varieties, did not affect Brilliant. Being a product of the far North, the plants are perfectly hardy and do not require winter protection. They succeed under the most unusual handicaps. We have seen them do equally well on thin sandy soil, heavy clay and raw muck. On fertile, sandy loam, their vigor is almost unbelievable.

Do not Delay — PLANT NOW

Give these SUPER-BEARERS a chance to work for YOU this year! Grow all the berries you want for home use and supply your local market through the fall months. Berries always taste better and bring higher prices "out of season". Here is your opportunity to get the most from your soil this year with a very small investment, and increase your income substantially with little effort. Reserve your order right now and be first in your community to grow Brilliant WONDER-BEARER.

The Perfect Border Planting

The newest sensation! A brilliant Everbearing Strawberry border! Imagine! Glossy, green plants covered all over with sparkling red berries. The most beautiful and useful border you can plant. A 20-foot Brilliant border bears enough tasty berries to supply your family with fresh strawberries every day all summer. When planting your Brilliant border, set plants 12 inches apart and remove runners, or set plants 16 inches apart and leave runners on. This allows the plants to fill in, forming a beautiful compact border loaded with delicious red strawberries. Plant a Brilliant border this spring.

New RED RICH

(Plant Pat. No. 993)

EVERBEARING STRAWBERRY

Up to a Quart of Berries per Plant

You've never seen plants so BIG and so VIGOROUS, or berries so RICH in bright RED color clear through to the core! Flavor? Ummm! One bite will convince you New RED RICH is the sweetest berry grown!

Developed by the University of Minnesota, RED RICH is the result of a cross between Wayzata everbearer and Fairfax. It combines the best qualities of both—big, firm berries and wonderful honey-sweet flavor that made Wayzata famous; coupled with thrifty growth, heavy yield and the good plant-making ability of Fairfax.

BEARS ALL SUMMER

RED RICH ripens its first berries in June and keeps right on giving you heavy yields all summer right through to fall. Big, luscious berries with a firmness clear through that holds up exceptionally well in storage or shipping.

Freeze Them Whole — Little Sugar Needed

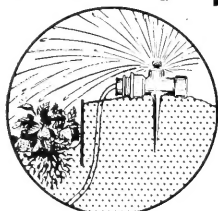

RED RICH is unsurpassed for freezing. Possesses such an abundance of natural sugar, very little or none at all need be added. Freeze them whole! Red Rich retains its firm flesh texture and won't mush-up when thawed. You'll get wonderful desserts all winter long from your Red Rich berries.

Plant By New Method — Get Bigger Yields

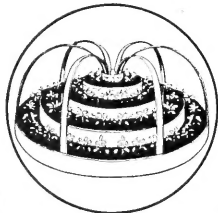

Each Red Rich plant shipment carries new "Space System" planting instructions. Be sure to follow these carefully and you'll be delighted with the results.

Commercial growers and home gardeners alike can profit by planting Red Rich. Supply is limited so order today.

GROW MORE BERRIES the easy PYRAMID GARDEN

way . . . Now you can enjoy an abundant full season growth of everbearing Strawberries in one-third the space required by conventional gardening method. Just the thing for small gardens! Fruit is easy to pick—easy to care for; and the Pyramid Garden itself adds beauty to any landscape. Bottom ring is 6 feet in diameter; four terraces hold 75 plants—enough to supply the average family with berries all season, for every home use.

Bands are 5 inches wide, made of tough aluminum alloy; will not rust or corrode. (Complete assembly and growing instructions with order.)

BERRY-SET

Imagine getting berries 50 to 100% BIGGER—and sweeter, meatier, more luscious berries with FEWER SEEDS!

BERRY-SET is a Hormone Spray for Bigger Strawberries, Blackberries, Raspberries. It boosts plant production—giving you BIGGER YIELDS and a longer harvest, from the same plants.

How to Use BERRY-SET

Dissolve two level teaspoons in a gallon of water. Spray when about half the blossoms are open. For garden application use an ordinary clean, hand sprayer. Direct spray at plants so blossoms will be enveloped in the mist. For large scale application apply 10 to 15 gallons per acre. (Complete directions on package.)

RA-PID-GRO

I HAD RA-PID-GRO

I NEED RA-PID-GRO

The "Miracle Plant Food"

Contains Vitamin B¹ and B² Plus 11 Other Plant Food Elements

What is RA-PID-GRO?

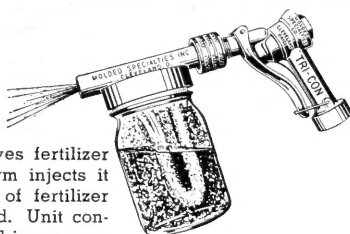

Ra-pid-gro is so easily prepared for use. Just add water at the rate of 1 pound of Ra-pid-gro to 22 gallons of water. Allow to dissolve and it's ready for use. Apply around the plants according to directions on the bag. For use on small numbers of plants mix at the rate of a teaspoonful to a quart of water. Also very valuable for use when transplanting. Dip plants in solution for 3 or 4 minutes.

Stop Expensive and Tragic Transplanting Losses

By using a large tub or pail and mixing Ra-pid-gro with water at the rate of 22 gallons of water to 1 pound, you have a solution in which to dip the roots of the plants before setting out. If this is done, you will practically eliminate transplanting losses. Trees, shrubs, roses, evergreens, and similar plants should be set in the solution 3 to 4 minutes. Berry plants 1 minute. Vegetable and house plants just dip and remove. Grass and vegetable seeds should be sprinkled with Ra-pid-gro before sowing. Use the solution for watering after setting out plants or sowing seed.

Tri-Con Ra-Pid-Gro Dispenser

Now you can apply Ra-pid-gro this quick, clean, safe and more effective way. Tri-Con unit dissolves fertilizer right in the jar, then in liquid form injects it into main stream at proper ratio of fertilizer to each gallon of water discharged. Unit connects directly to garden hose. Trigger controlled valve shuts water off at will. **\$5.95, postpaid.**

How Much Will I Need?

To estimate your season's requirements of Ra-pid-gro figure at the rate of 1 pound of Ra-pid-gro for each 100 pounds of other fertilizer you have been using. Or the manufacturer recommends the following: For a lot of 40 x 60 ft., with 15 shrubs, 20 ft. of hedge, 3 fruit trees, 2 evergreens, 12 roses, and 800 sq. ft. of lawn, 5 lbs. of Ra-pid-gro for a season's feeding. A lot 40 x 100 ft., with 25 shrubs, 3 shade trees, 4 fruit trees, perennial bed, a few grapes and raspberries, 10 evergreens, a small vegetable garden, and 1500 sq. ft. of lawn, requires 10 lbs. per season. A lot 75 x 150 ft., with 48 roses, 40 shrubs, 4 shade trees, perennials, 6 evergreens, hedge, vegetable garden, strawberry and raspberry patch, grapes, 10 fruit trees, and 4000 sq. ft. of lawn will require only 20 lbs. of Ra-pid-gro per season.

Make This Test

Get 1 pound of Ra-pid-gro and mix as specified and apply to a small staked-off section of your lawn, or to a few selected rose bushes, berry plants, perennials, etc. At the end of 30 days you will be surprised at the difference between those fertilized with Ra-pid-gro and those left unfertilized. You'll be a booster for this remarkable and easy way to secure almost phenomenal results from your plants.

Free HELPFUL PLANTING GUIDE

With every nursery order, we send free a complete Planting Guide. It tells in a clear simple way how to plant, so that even if you have never done any planting, you can have success. It tells how to prune, water and care for plants over winter; how far apart to plant, etc.

YOU'RE ALWAYS WELCOME AT EMLONG'S

Our main office, storage buildings and beautiful display gardens are located right on U. S. 12, near St. Joseph, Mich. — only 90 miles from Chicago. You are cordially invited to visit us at any time. We also have a garden center between Niles, Mich. and South Bend, Indiana, on U. S. 31, north of Indiana State line, ½ mile.

BUY DIRECT FROM GROWER

You can absolutely **DEPEND ON EMLONG'S** to give you the **MOST** and **BEST** for your money. EMLONG'S have been growing nursery stock for nearly 70 years. We are not a "mushroom firm", here today and gone tomorrow. Our business did not grow by leaps and bounds. It increased steadily and substantially over a period of many years — built on a reputation for **RELIABILITY, HONESTY** and **SATISFACTION TO OUR CUSTOMERS.**

Growing nursery stock is a scientific process with Emlong's. We bend every effort to keep our stock **TRUE TO NAME** and up to the highest standards of perfection. We put the best into it, so you can get the most out of it! We have given unlimited time, money and acreage to plant research, in cooperation with the Michigan Dept. of Agriculture and the U. S. Dept. of Agriculture. Growers everywhere will benefit by these efforts.

We keep our prices as reasonable as possible in line with general conditions, asking only legitimate profits on which to do business in a workmanlike manner and thus continue to give you the **QUALITY** that is so necessary to maintain your complete satisfaction and insure future business relationships.

EMLONG'S are members of the National and Michigan Association of Nurserymen and The National Mail Order Nurserymen's Association.

HONEST GRADES

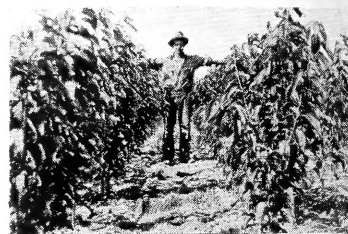

Emlong's "Pride-O-Mich" Reg. Trade Mark fruit trees are graded according to standards established by the American Association of Nurserymen. Caliper (diameter of trunk) — not circumference — is used in determining grade. The three main grades are 5/16 in., 7/16 in., and 9/16 in., caliper, with a few trees 11/16 in., and up caliper. The height is not important. In Cherry, Plum and Pear trees, branched trees are not important. Height and branching in Peach, Pear, Cherry, etc., varies, therefore, caliper is the only fair way of grading most fruit trees.

THERE'S NO RISK IN MAIL ORDER BUYING

Because you are protected by our written guarantee. Order early — send a remittance to reserve your stock. Be sure to give complete name and address when ordering, also express office.

ORDER TODAY

Items listed in this catalog will be reserved for you as long as the limited supply of some of them lasts. Many items were sold out early last year! Don't wait until planting time — reserve your needs as soon as you receive this book! We send you a receipt and ship at planting time. First orders will receive first attention.

Field of Emlong-grown one-year-old fruit trees. Note height compared with man.

The finest in patented and other Everblooming Roses on display at Emlong's every summer.

Emlong's portable irrigation system insures constant moisture to develop stock perfectly.

FAMOUS FOR QUALITY FOR OVER 60 Yrs.

10% January Cash Order DISCOUNT

On all orders accompanied by cash in full, post marked before February 1 are subject to 10% discount on all items except special offers and those marked "No Discount."

OUR GUARANTEE TO YOU

(1) — Emlong's guarantee everything to reach you in finest growing condition. If found to be otherwise, make damage claim within 3 days after receipt of stock and we will replace damaged items free.

(2) — Emlong's guarantee all stock to grow and live. If anything fails, report such loss to us within 60 days, or not later than July 1st. We replace during the next planting season. Half price replacements from July 1 to September 1. The nursery is not responsible for losses caused by unfavorable weather or improper planting care.

(3) — Emlong's guarantee everything to be true to name. If found to be otherwise, we will replace free upon due proof of untruthfulness.

WE PAY POSTAGE ON MOST ITEMS

Please note that Flowering Shrubs, Perennials, Roses, Bulbs and other items in this 1953 catalog are delivered to you postpaid, at a saving to you. However, some fruit and shade trees are too large to go by parcel post. They are shipped by express, you pay the express charges.

In some orders, there are trees which must go by express and also some stock which would go by parcel post. In order to avoid making two separate shipments, we send the entire order by express. For this privilege, we include extra stock which has a greater value than the additional express charges amount to. When choosing this additional stock, we will choose that stock which fits in with your order.

"We're the Folks Who Help Emlong's Give You Quality Stock"

I'm JIM McCLURE

and I have been at Emlong's for many years. While I have done almost everything there is to do around a nursery, I became interested in plant and tree propagation at an early date. That soon became my job. The Boss says I'm good at it. That must be so, because I have visited a lot of other nurseries and nowhere have I seen trees, plants and bushes as well grown as ours are. That's why we call them our "personalized nursery stock". I give every block of growing stock my

personal attention to see that maximum quality and growth are maintained. The Boss likes this "personalized" supervision. He says, "it gives our customers confidence and keeps them completely happy whenever they buy our nursery stock."

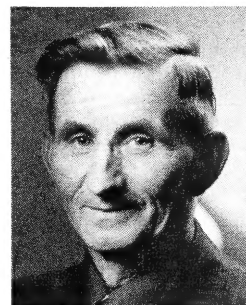

I'm FRED STRANG

and I started to work at Emlong's 26 years ago. At the very beginning, I became interested in the problems of the commercial fruit grower, and set about finding ways and means to help him. Through years of practical experience as packing house superintendent, propagator and now sales manager, I have gathered a wealth of information on the care and growing of fruit trees, roses, shrubs and all nursery stock. Part of this information I have published in Emlong's Planting Guide, which you may obtain free by writing to me. You are cordially invited to visit our main office, or write to me about any of your horticultural problems. I will be happy to advise and assist you in every way possible.

I'm FRANK FRYER

and I've been with Emlong's for 39 years. Guess we sorta grew up together. I've worked at most of the jobs around here over the years and have had a part in every phase of Emlong's steady growth. For a long time now, I have been superintendent of the packing house and our big storage cellar. It's my job to see that the nursery stock which the boys so expertly grow, is properly packed for shipping so that it will reach you in the very best growing condition. Sometimes that is

quite a job, when several thousand orders are coming in here every day. But we've got a good, conscientious crew and by working overtime a lot during the shipping season, we do manage to get all your orders out so they will reach you at just the right time for planting.

Double Red
Delicious

PLANT EMLONG'S Superior Northern Grown

WINTER APPLES

DOUBLE RED DELICIOUS. Truly King of the winter eating Apples. Very fine solid red strain of Delicious, resembling its parent in all characteristics except color. Ripens in October. Excellent shipper and keeper. A big seller from coast to coast.

GRIMES GOLDEN. A winter Apple of outstanding good flavor. Waxy, yellow-skinned, uniform Apples; wonderful shipper. Flesh is very firm and does not bruise easily. In great demand for drying, baking and pies. Trees are hardy and prolific.

RED ROME BEAUTY. An all-red strain of the old Rome Beauty. Highly prized for baking purposes. Trees are vigorous growers and yield heavy crops of large, evenly colored Apples that keep extremely well all winter.

RED JONATHAN. A favorite large, beautiful red Jonathan so popular with commercial growers. Flavor makes fruit desirable for eating fresh and for cooking. Flesh is crisp, white and juicy. Trees bear young and are very productive and long lived.

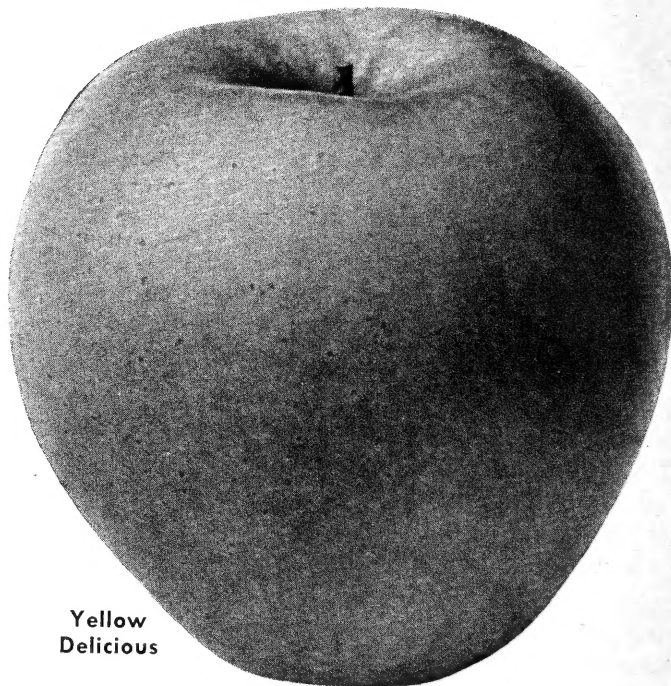

RED NORTHERN SPY. Dressed up in its new bright skin, the old hardy favorite retains its famous quality and flavor. Large fruit, firm in flesh and skin, it keeps wonderfully well in storage. Very much a favorite for drying, baking, cooking, pies and freezing.

TURLEY WINESAP. The best keeper of the solid all-red winter Apples. Ripens earlier than other Winesaps; colors on the tree to a bright, rich all-over red. Fruit is large, uniform and firm; flesh has excellent flavor, crisp and juicy. In big demand for shipping, storage, for drying, cooking and eating fresh. A perfect all-around Apple. Trees are thrifty and hardy, produce big crops every year.

YELLOW DELICIOUS. Queen of the late fall eating Apples. Similar in shape and size to Red Delicious, but color is golden yellow. Flesh is firm, crisp and juicy and deliciously flavorful. The big, richly fragrant, golden fruits are considered the finest of yellow Apples and are always in demand. Keep exceptionally well all winter without becoming mealy. Our large fruiting strain bears young and abundantly.

"Pride O' Mich" HEALTHY APPLE TREES

SUMMER APPLES

ANOKA. Quickest to Bear. No long waiting for fruit. Anoka ripens in midsummer and usually starts bearing the year after trees are set out. Medium sized, greenish red fruit. Excellent to eat fresh and makes wonderful pies and applesauce. Hardy everywhere; thrives on poorest soils. Excellent pollinizer.

RED DUCHESS. This solid red strain produces large, striped red fruit. Crisp, juicy and delicious Apples, good for pies and sauces and eating fresh. Trees grow vigorously and are hardy.

YELLOW TRANSPARENT. (Lodi Improved Strain.) Always produces a big crop of tasty Apples for pies and cooking during summer. Hardy no matter how cold your winters. Thrives in all soils and **bears quickly.** A perfect pollinizer.

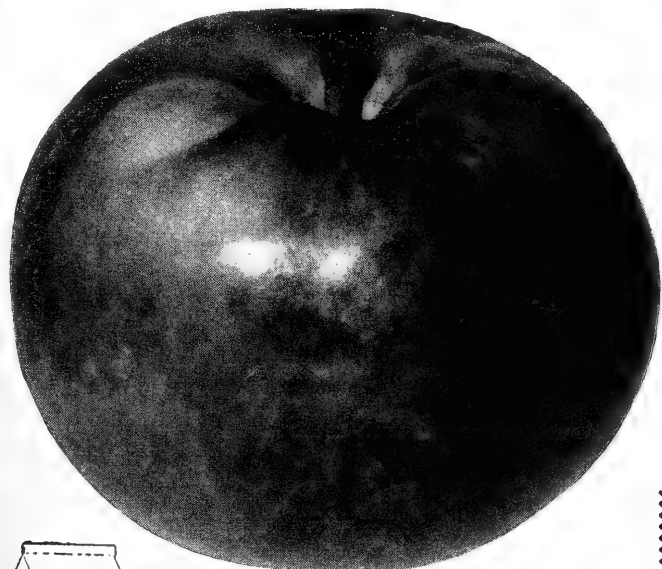

FALL APPLES

CORTLAND. A shapely, big, round Apple which has won fame for its **quick** bearing and heavy yielding habit. Flesh is white, tender sub-acid. Good to eat fresh or cooked; delicious pie variety. Mostly dark red when ripe, overspread with attractive purplish bloom. Hardy everywhere; an excellent pollinizer.

RED MCINTOSH. Emlong's large fruiting strain of McIntosh is a winner for flavor and quality. Bright red fruits of good size with white flesh. A fine juicy and highly aromatic Apple. Beautiful and a good seller. Heavy bearing, ripening in fall.

Sensational New Blackberry

EBONY KING

GUARANTEED TO BEAR

Ebony King is a super-bearing variety. The plants are vigorous growing and healthy, and every berry matures properly. The fruit is very large, glossy black and jam-packed with tangy sweet flavor. Ebony King is a young bearing, early ripening variety and meets with full approval of processors and fresh fruit people.

EXCELLENT FOR HOME GARDENING

You home gardeners can certainly benefit by this new origination due to its positive bearing qualities. Just a few plants of this super-bearing variety will provide you with an abundance of tangy sweet berries for every home use. Pies made from Ebony King are "out of this world"!

SUPERIOR COMMERCIAL PRODUCER

Yes, it's true that Emlong's have developed a Blackberry that is guaranteed to bear an excellent crop of fine quality berries. With Ebony King you can be sure that every plant will yield mature, full-size fruit and not those small dried-up berries other varieties produce. Always in demand for the fresh fruit market and fruit processors, Ebony King commands top prices. Make yourself a handsome profit by planting Ebony King this spring.

World's Finest Pie Cherry

MONTMORENCY

Emlong's Improved Strain

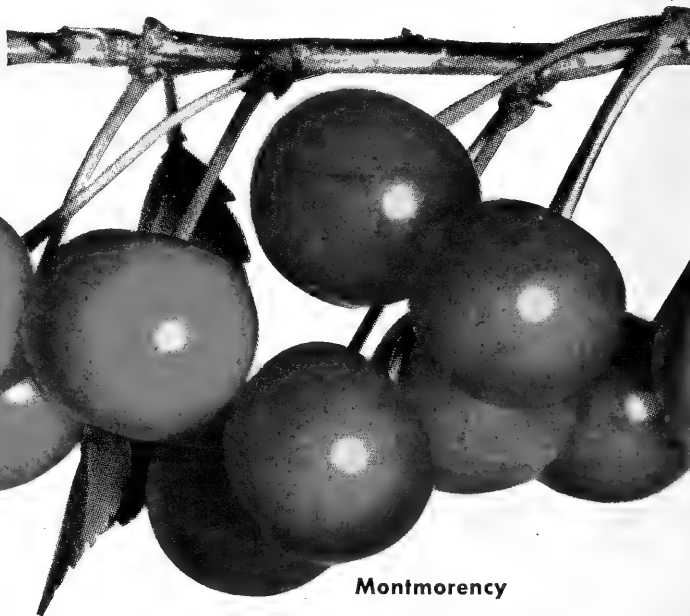

Regardless of where you live, MONTMORENCY is the only profitable Sour Cherry to grow. Bright red, big, round, juicy fruit. Deliciously sub-acid; good to eat fresh off the tree or canned. Makes wonderful pies and cider. Preferred by canners to all other sour varieties. Fruit has remarkable keeping qualities on the trees and after picked. Ripens midsummer to late. Trees are self-pollenizing. Always yield an enormous crop of Grade A fruit. Montmorency has long been the leading Sour Cherry with commercial growers and home gardeners alike.

Emlong's strain of large Montmorency bears young. Our trees are now certified by the Michigan State Department of Agriculture to be propagated from virus disease-free budwood. This special feature costs you nothing extra. This year and every year Emlong's big nursery is headquarters for the finest Montmorency trees in the world. Orchardists from all the big fruit belts come to our nursery for their trees. We know our trees will please you as they have others. You will profit by planting Montmorency this spring.

Giant Blueberries

**GROW THEM IN YOUR GARDEN
GROW THEM COMMERCIALLY NOW**

For a big money-making crop, these giant size, dark-blue Blueberries are without equal. No other fruit bears more abundantly and requires so little care. Even a few bushes will provide the average family with enough fruit all season for fresh desserts and pies, and for canning and freezing. Berries shown here are actual size Jersey variety. They have a mild sweet flavor, and are consistently uniform in size and shape.

The bushes are very ornamental with their huge clusters of Lily-of-the-Valley flowers in the spring and attractive waxy green foliage. They are easily kept in shape and are free from disease. Set bushes 5 to 7 feet apart in soil made acid with peat moss or sulphur fertilizer. Will thrive on dry land. Plant two or more for perfect pollenization.

Blueberries start to bear the third year, increasing in productiveness until the tenth. Our healthy, vigorous plants never fail to yield enormous crops of top quality fruit. Blueberries keep well on the bush and after picking; they retain their firm quality and rich blue color even when shipped long distances. You always get a big return on your investment when you plant Blueberries.

HEAVY BEARING

SWEET CHERRIES

BLACK GIANT. Our largest, blackest and sweetest Cherry! Bears the heaviest crops of any Sweet Cherry we have grown. Ripens late, keeps a long time on the tree. Excellent shipper and canner. Hardy as Tartarian. A beauty which you will grow with pride. Self-pollenizing.

↘ **WINDSOR.** Cherries ripen late, prolonging your Cherry profits. Fruits are large, dark maroon in color, with wonderful keeping and shipping quality. Very hardy and an abundant yielder. Self-pollenizing. We highly recommend Windsor for a well-rounded orchard.

↘ **BLACK TARTARIAN.** The very popular purplish-black Sweet Cherry, which ripens so early and has marvelously rich flavor. Fruit matures to large size. Trees are hardy and bear young and heavily. A leading shipping and canning Cherry. Excellent pollinizer.

↘ **SCHMIDT.** For the midsummer market there is no finer Sweet Cherry grown. Fruits are extra large, plump and uniform in size. A beautiful dark, glossy black in color. The flavor is rich and superb. Quality is extra firm and fine for fresh desserts and canning. Good shipper. Hardy, prolific bearer. Plant Black Tartarian for pollinizer.

↘ **NAPOLEON.** The favorite golden Sweet Cherry with beautiful pink cheek. Known in some sections as Royal Ann. Very large fruits; deliciously sweet flavored. Favored for fresh desserts and canning. Heavy producer and good pollinizer.

↘ **BING.** Famous from coast to coast. Wonderful dessert cherry. Richly flavored, extra large size, brownish black-red color. Ripens midseason. Self-pollenizing.

Emlong's MAJOR Blackcap

LEADING NEW BLACK RASPBERRY

For many years we have been watching new varieties of Blackcaps grown and tested, and we have found one that we believe tops all others. Major Blackcap was originated here in Berrien County, Michigan — and by every test it is the leading Blackcap!

Biggest Yields — Biggest Berries

Major yields bigger crops of top quality berries than any other variety. The berries are larger, glistening black, uniformly round, firm textured and extra rich in flavor. They sell at higher prices, therefore, pay better than other blackcap varieties. For profitable commercial crops and for home gardens, we highly recommend Major.

CUMBERLAND

Ripens midsummer and bears through the late season, producing profitable crops of large, firm, round, glistening black berries that "ooze" with rich flavor. In big demand for fresh desserts, canning and freezing. Plants are self-supporting and non-sucker-ing. Hardy, thrifty growers; will thrive anywhere.

LOGAN

This variety should be in every garden and commercial planting as it is an extra early ripener. Planted along with Cumberland, it lengthens the fruit season thereby increasing profits. Berries have good flavor and firm quality; ideal for every purpose.

GOLDEN QUEEN RASPBERRY

Beautiful large, golden yellow Raspberry. Many prefer Golden Queen because of its sugary sweetness and unsurpassed flavor. An attractive dessert berry and very unusual when served in combination with either Black or Red Raspberries as a dessert. The canes are hardy, vigorous growers and heavy croppers. Ripens with Latham. Culture is the same as that for Red Raspberries.

Latham RED RASPBERRY

The Commercial Leader

Attractive deep red berries, uniformly round and unusually large; often measuring one inch in diameter. Deliciously full-flavored and aromatic. Latham berries are top quality and always in demand for fresh desserts, canning and freezing. They bring highest prices on the fruit market and have long been the leading commercial variety. Plants are hardy, thrifty growers and bear enormous crops. Sometimes surprise you with extra berries in the fall on the new growth.

Latham

NEW SEPTEMBER

EVERBEARING RED RASPBERRY

Bears Two Crops In One Year

A superior autumn-fruiting Red Raspberry recently introduced by the New York State Fruit Testing Association. Summer crop ripens about 5 days earlier than Newburgh; fall crop matures 3 to 4 weeks before other varieties, thus avoiding failure due to fall freezes, a common fault with other everbearers.

New September plants are hardy, vigorous growing and increase rapidly. Berries are bright red, of good size and uniform round shape. Keep well on bushes and after picking. Try a planting this fall. We know you will be pleased with them.

INDIAN SUMMER

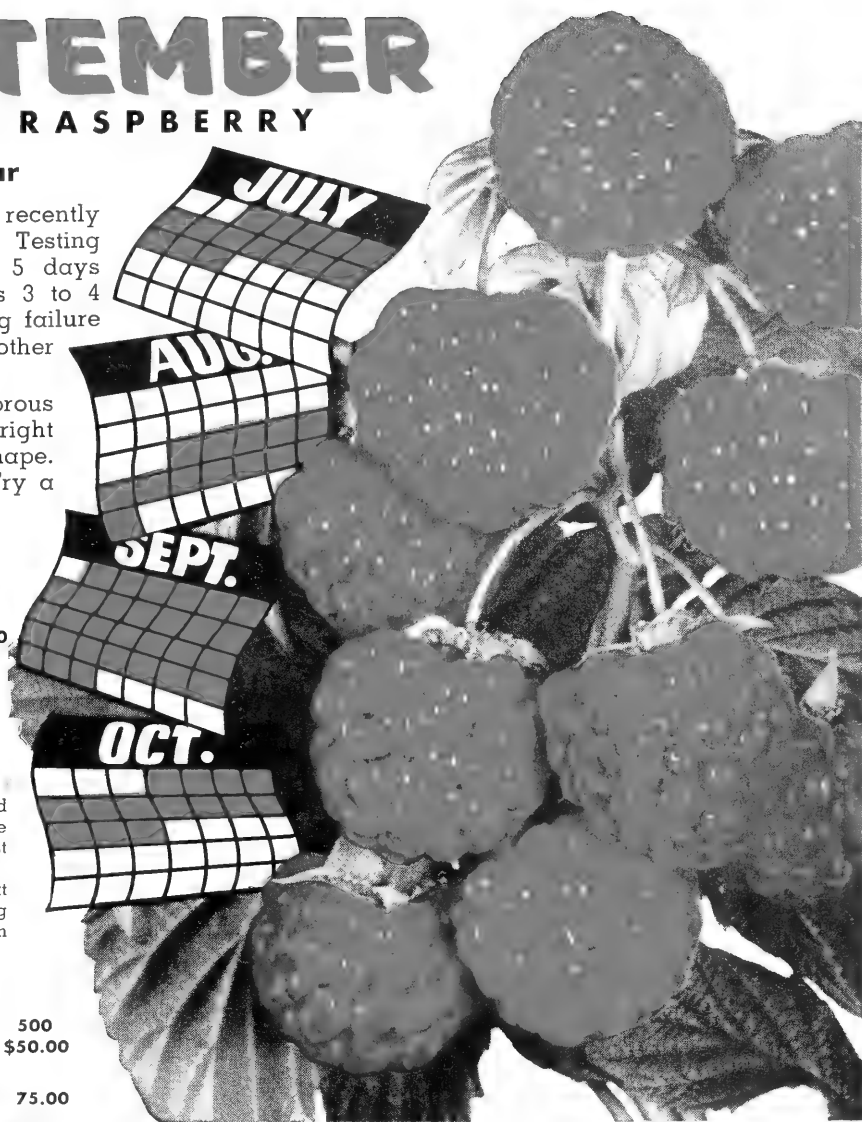

EVERBEARING

The earliest Red Raspberry. Unusual thimble-shaped berries of appetizing red color, borne in large, loose clusters. Every berry matures to full size. Ripens first crop in June; bears another full crop in the fall.

Berries are full flavored, sweet and delicious to eat fresh, canned or frozen. Plants are hardy, strong growers, self-supporting. Plant 3 x 6 feet apart, in March, April and May.

EARLY RED

NEW WONDER RED RASPBERRY

EARLY RED has proved its superiority after 10 years of testing and growing on a commercial scale. It now takes its place as the most outstanding early Red Raspberry yet produced. Originated by Stanley Johnston of the South Haven, Mich., Experiment Station, EARLY RED is a cross between Lloyd George and Cuthbert varieties.

EARLY RED berries have a quality and flavor that make them perfect for canning and freezing. Ripens 10 days earlier than Latham, bringing highest first-of-the-season berry prices. Plants yield enormous crops. For a profitable commercial crop, and for home gardens too, there is none better than EARLY RED. Try a planting this spring.

Emlong's Outstanding PEAR TREES

DELICIOUS—EASY TO GROW

BARTLETT. The leading commercial Pear. Large, waxy yellow fruit with red blush. Flesh is superbly flavored, fine textured white and juicy. Ripens in summer. Bartlett is the most widely known and attractive of all Pears. A big money-maker. Favored for fresh desserts, canning and summer storage. Plant Emlong's PRIDE-O-MICH strain to insure perfection.

BOSC. There is no finer flavored Pear than the long necked Bosc, which is sold on the fancy fruit stands at a handsome profit. Firm skin makes it a wonderful keeper. Unequalled as a dessert pear with its very firm, sweet white flesh.

CLAPP'S FAVORITE. Large, uniform pears with beautiful green skin deeply blushed carmine-red. Flesh is crisp, white, juicy and sweet. Hardy, thrifty grower and bountiful producer. Ripens in summer.

SECKEL. Because of its sweet delicious flavor it is called the Sugar Pear. Fruit is small, but of the highest quality and especially favored for preserves. Ripens in late summer; bears young and heavily. Blight-resistant.

CAMPAS. The new, extra large, yellow Winter or Holiday Pear. Belongs to the Kieffer family. More richly flavored and of finer texture. Smooth, white, crisp, aromatic flesh. Profitable variety for winter storage and canning. Bears heavily and regularly.

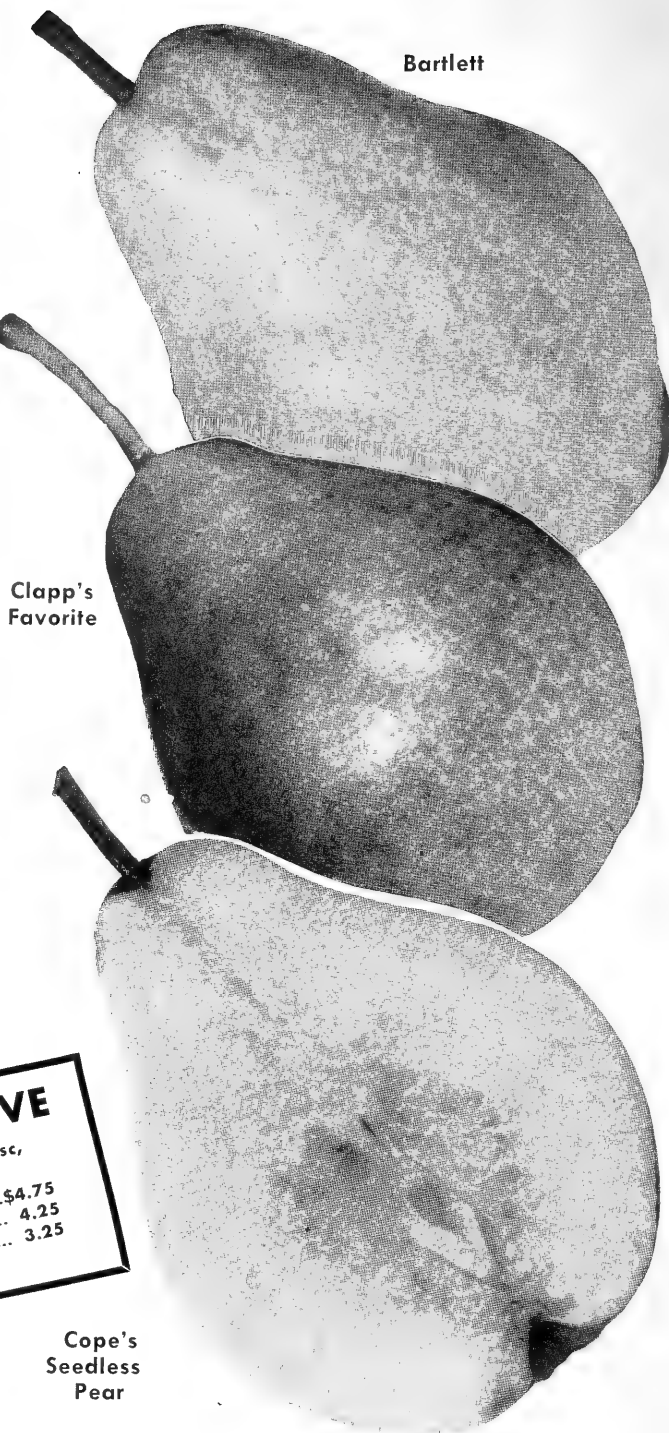

COPE'S SEEDLESS. A superbly delicious, sweet, fine textured pear. Dependable late summer variety. Ripens about 10 days after Bartlett. Especially desirable for canning and desserts. The originator, Mr. Cope, claims this pear to be practically seedless and coreless when grown alone. Trees are hardy, thrifty and heavy bearers. Self-pollenizing.

GORHAM. Resembles Bartlett in size and color; ripens about 2 weeks later. Flavor is sweet and aromatic. Flesh is white, tender and juicy. A good pollinizer. Vigorous, hardy and blight-resistant.

The Favorite Garden and Market GRAPES

CALIFORNIA TYPE HARDY GRAPES

SENECA. The new skinless Grape. Special yellow color, oval shaped, honey-sweet, juicy yet firm; skin can be eaten. Large, compact tapering bunches. Ripens early. Hardy and vigorous; grows anywhere.

GOLDEN MUSCAT. Big, amber golden Grape. Has tangy, Muscat-like flavor; desirable for fancy dessert. Ripens late and keeps a long time on vines and in storage.

2-Yr., Field-Grown Plants

80c each; 3 for \$2.30; 5 for \$3.65; 10 for \$6.95.

CONCORD. The leading big-crop, dark blue Grape. Keeps a long time on vines and after harvesting. Fine for shipping, for cannery and winery trade. Excellent flavor. Usually bears second year.

FREDONIA. Very dependable blue-black Grape. Earliest to ripen. Produces large berries and bunches uniformly formed. Deliciously flavored whether eaten fresh or made into jelly or wine.

NIAGARA. Large, perfectly formed bunches of berries. Beautiful amber-green-white color. Rich aroma makes it a good seller. Tangy, muscat-like flavor. Excellent for all purposes.

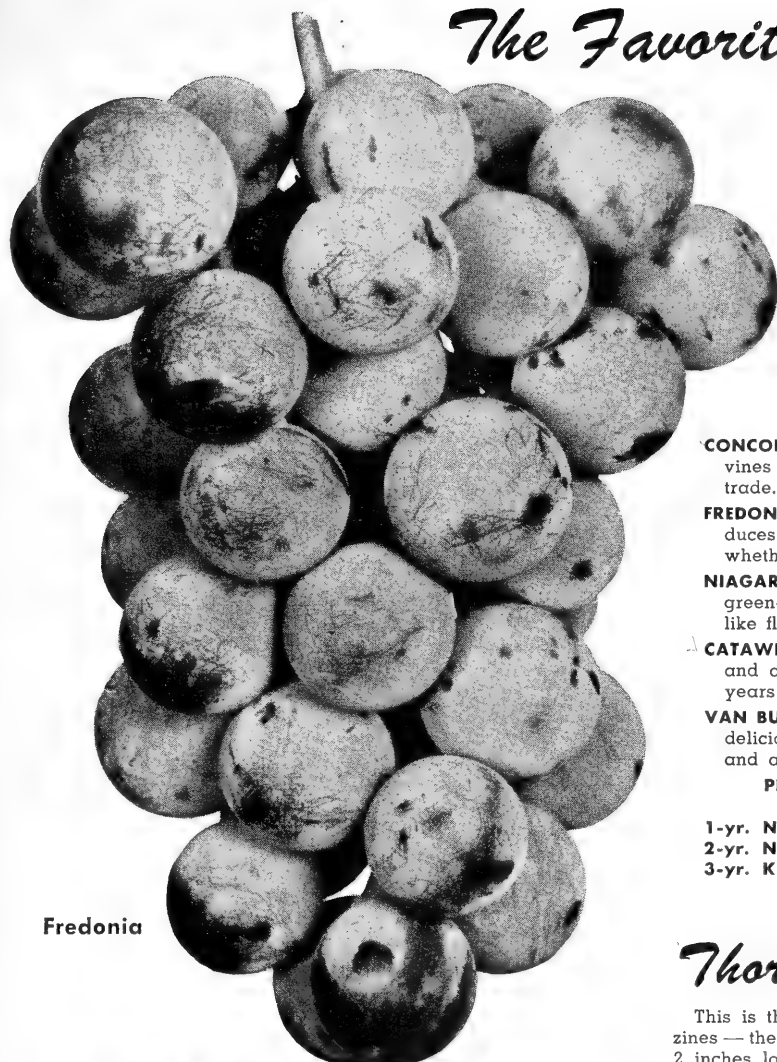

CATAWBA. Best of the red varieties. Fruit extra large; bunches compact and of good size. The only red Grape that has proved itself over the years to be the best for commercial planting and home garden.

VAN BUREN. Extra-early ripening variety. Bears big, compact bunches of deliciously sweet berries; exceptionally fine for fresh desserts. Hardy and a heavy producer.

Fredonia

Thornless BOYSENBERRIES

This is the Boysenberry that is so widely advertised in the garden magazines—the thornless type. Huge maroon-red berries, often measure 1½ to 2 inches long and almost as wide. Flavor is a delightful blend of the best Loganberry, Raspberry, Blackberry, Dewberry flavors. Make super-delicious pies. Wonderful to eat fresh, without sugar, or canned or made into jelly, jam and juice. Hardier and better than Dewberries and larger than the largest Blackberries. Strong growing vines; bear heavily. Set the bushes 4 x 7 feet apart in the field and tie them to one wire, strung about 2½ to 3 feet from the ground. Prune severely every year. Follow planting suggestions in bundle.

Plant **PLUM**

RED GIANT

An Amazing New Plum Large in Size

World's most beautiful Plum. Roundish oblong in shape, the fruit often measures 2½ to 3 inches long in clusters of 7 to 12 giant beauties on the end of each branch. Ripening early, Red Giant Plums attain a deep glowing maroon-red color thickly overspread with pink bloom. Flesh is greenish yellow, very firm, very fine and sweet.

Red Giant is an outstanding all-purpose Plum; good for the small home garden and for the commercial grower too. There is no other Plum like it. Wonderful shipper and canner. Fruit is not easily bruised in handling; retains its attractive appearance and firm quality long after picking. Plant 2 trees for best results. (Grown and sold only by Emlong's. Property rights reserved.)

GREAT EUREKA Famous Quick Bearing

The delicious flavor of Eureka is a combination of Plum, Apricot and Peach. Eureka is known as the "Red Nectar" fruit because the juice is red and sweet. Good to eat in half-ripe golden stage and in full-ripe maroon stage. Grows to enormous size if thinned. Heavy yielding and young bearing variety. Plant 2 trees for best results. (Emlong's property rights reserved.)

SUPERIOR Semi-Dwarf, Young Bearing

Beautiful wine-red skin covered with purple bloom. Yellow flesh is delicious, sweet and juicy; freestone. A very good all-around Plum for every purpose. Trees bear early and yield big crops of extra large Plums. A very hardy variety, recommended for northern and western states. Plant 2 trees for best results.

The New **RED RHUBARBS**

VALENTINE. Deep bright red in color. Texture smooth and tender. Has a rich flavor with a slightly tart aftertaste. The Valentine is an introduction of the Ontario Horticultural Experiment Station and has taken the lead among the red Rhubarbs. Combining very high quality and richness of flavor, vigor and growth, the Valentine will soon be the standard by which all other Rhubarbs are measured. Plant Valentine this spring and enjoy its fruit for years to come. 80c each; 3 for \$2.20; 6 for \$3.95.

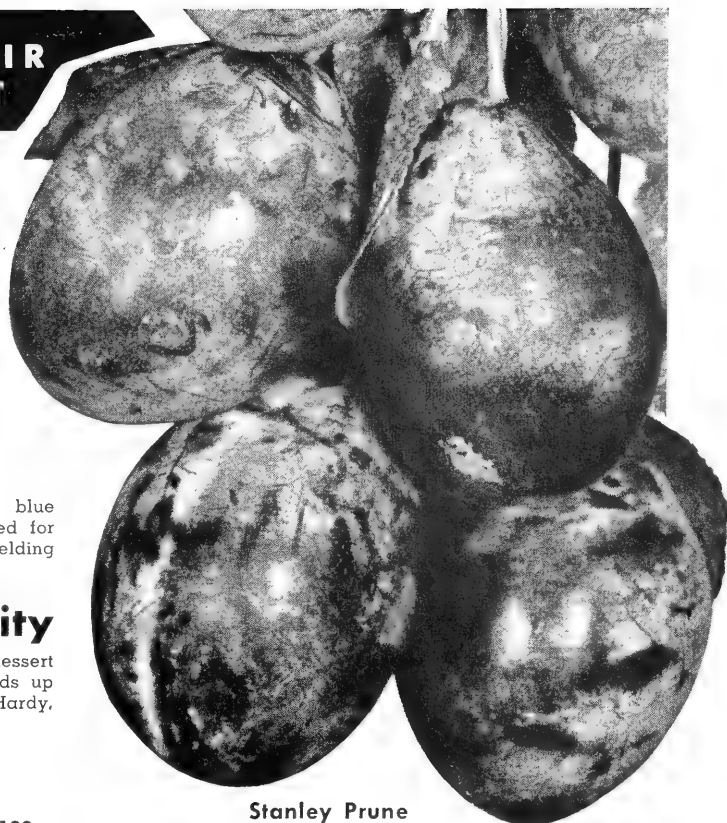

RUBY RED

Large, plump, red-in-the-center stalks of the sweetest Rhubarb that you ever tasted. Excellent for pies and sauce; stalks are tender and never stringy. Early spring fruit, quickly forms a large clump. Hardy and easy to grow anywhere. Three mature plants will supply the average family for year-round use. 75c each; 3 for \$2.00; 6 for \$3.50.

TREES ENJOY THEIR FINE FRUIT

STANLEY PRUNE Best Commercial Type

Sweetest Prune grown and bears the quickest. Often starts bearing the second year and yields heavily every year. Beautiful dark blue skin, overspread with attractive bloom. Fine sweet, juicy golden flesh. Requires very little sugar for canning. Retains its skin and shape after canning. Juice is rich wine-purple. Favorite for canning and drying. Freestone. Ripens midseason. Hardy and thrifty grower; self-pollenizing.

Stanley Prune

ITALIAN PRUNE — A Favorite

Large, oval-shaped, purple-blue Plum with attractive coating of blue bloom. Flesh is firm and golden, good texture and flavor. Favored for canning and drying. Excellent shipper. Vigorous growing, heavy yielding variety. Self-pollenizing.

GREEN GAGE — Tops in Quality

The sweetest eating and canning Plum. The famous large green dessert Plum with that sweet-tart flavor. Flesh is fine, firm and juicy. Holds up well for canning and shipping. Fruit ripens early September. Hardy, excellent producers. Trees bear young and are self-pollenizing.

CYCLO CRANK DUSTER

New crank-type hand duster which makes crop protection easier, more pleasant and more efficient for the small grower and home gardener. Complete duster weighs only 9½ pounds; gives more uniform coverage; hand crank turns easily even when full. Hopper capacity about 9 pounds. Very compact. Price, \$30.00, postpaid. No discount.

ASPARAGUS

EASY TO GROW — GOOD FOR YOU

One planting of Asparagus lasts many years. Requires little care. Asparagus is always ready to sell early in the spring before other vegetables are ripe and always brings a good price. Emlong's home-grown roots are bright colored and of large caliber. **Plant them during March, April and May.**

ASPARAGUS PRICES

3-yr.	2.35	3.85	6.75			

PARADISE. The new giant strain of Asparagus from California. Makes long, thick, very tender stalks. Grows quickly. Said to bear usable tips a year sooner than other kinds. Paradise retains its color when canned or frozen. Very profitable and very dependable for home or market. A hundred roots will supply the average family for many years. Plant the same as Washington.

WASHINGTON. Introduced by the U. S. Department of Agriculture, this has long been the leading commercial Asparagus. Produces large, tender, green tips. Mild, rich full flavor. In great demand for shipping, canning and freezing. Plant the roots 12 inches apart in the garden. In the field rows they can be 4 feet apart. 5000 roots plant an acre.

Paradise

CHIVES

A hardy, perennial onion-like plant; easy to grow, long lasting. When finely chopped, the leaves impart a delicious, mild onion flavor to soups, salads and various other dishes. The leaves may be cut throughout the season, as there is a continuous growth of new leaves. Plants may be potted for use indoors during the winter. **45c each; 3 for \$1.20, postpaid.**

SAGE

A perennial herb that is indispensable for seasoning meats and poultry stuffing. The plants are hardy and will grow for years without replanting. To keep over the winter, cut the tops just before they are in full bloom, allow to dry thoroughly, then store in airtight mason jars. **45c each; 3 for \$1.20, postpaid.**

HORSERADISH

A popular condiment, valuable for use in relishes and appetizers. Grates up fine and tender, white as snow; has a strong, zesty flavor. Easy to grow; plants spread quite rapidly, providing a continuous source of supply. Makes a good profitable commercial crop. **5 for 60c; 10 for \$1.00; 25 for \$1.95; 100 for \$6.95, postpaid.**

Dwarf

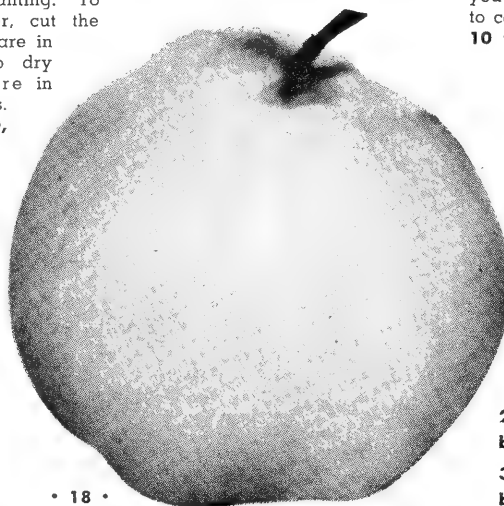

HANSEN BUSH CHERRY

Large, glistening black, sweet, hybrid bush Cherries produced in great quantities on low growing bushes. White blooms in spring make them very ornamental. Leaves turn red in fall. Fruits are good to eat fresh or canned. Bushes are very hardy and will thrive in any location. They bear in cold climates where standard Cherries fail. Trim to desired shape and size. Bushes grow 3 to 4 feet tall. Plant two or more for best results. Plant them in shrub border or as a hedge; they are a beautiful sight in full bloom, and you will enjoy their bountiful crops for years to come. **60c each; 2 for \$1.10; 5 for \$2.50; 10 for \$4.75, postpaid.**

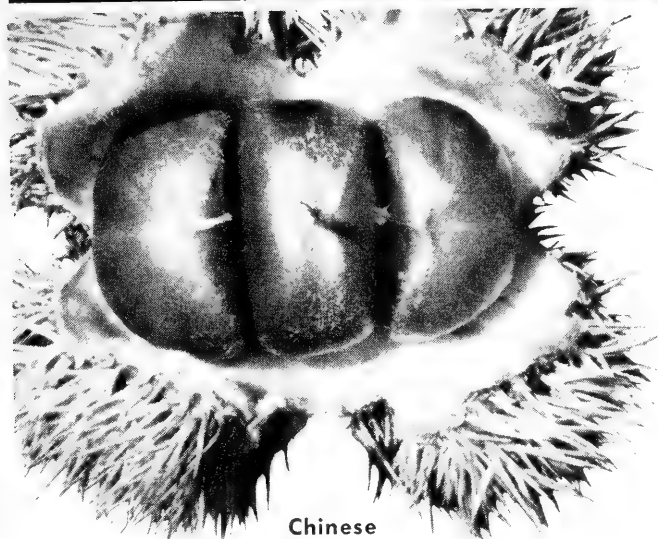

ORANGE QUINCE

Hardy, dwarf-growing tree that seldom grows more than 8 to 10 feet tall at maturity. Bears a good crop of delicious fruits every year. Fruit ripens to a clear yellow and is highly desirable for jelly and preserves, for dried fruits and baked goods. High in pectin. Trees are very ornamental in spring when the branches are covered with shimmering pink blossoms, 2 inches across. Has stiff, gray-green leaves. Trees are hardy in all sections.

ELBERTA Great Commercial Peach

Genuine Elberta Peaches are universally known as the outstanding money-maker wherever Peaches are grown. Roundish oval in shape with deep golden skin blushed carmine-red. Flesh is golden, richly flavored, ideally firm and fine textured. Unquestionably the leading Peach for shipping, canning, storage, drying and freezing. Freestone. Self-pollenizing. Usually bears the third year; enormous yield at maturity.

FERTILE HALE Always Bears

Another popular member of the Hale family. Rich in flavor and very firm quality. Excellent shipper and canner. Ripens later than regular Elberta, increasing the late Peach profits. A very hardy type with heavy yielding ability. Freestone and self-pollenizing. Ripening date August 25 to September 15. U. S. Patent No. 175.

REDELBERTA Red All Over!

Deliciously flavored. Ideally firm and highest quality. Flaunting all-over red dress makes this gorgeous Redelberta truly the Queen of Peaches. Ripens 2 weeks before regular Elberta, it reddens on the tree long before being ripe. Flesh is sweet, fine and desirable for desserts and canning. Heavy producer; bears a full crop of uniform fruit. Hardy as Elberta and self-pollenizing. U. S. Patent No. 232. Ripens August 15 to 25.

GOLDEN JUBILEE Extra Early

One of the biggest paying varieties for large commercial orchardists to plant. Ripens extra early. Unique, somewhat long-oval Peach which colors to bright orange with brilliant markings. Enormous producer of first quality fruit. None more delicious in flavor. An excellent freestone. Ripens August 5 to 20.

J. H. HALE Extra Large Peach

Always popular as one of the big selling Peaches. Richly flavored, fine textured, golden yellow flesh. Skin is bright yellow, deeply blushed with red and nearly fuzzless. Always sells at top prices for fancy desserts and canning. Semi-fertile; plant a good pollinizer every third row, preferably Hale-Haven. Ripening date August 20 to September 5.

KALHAVEN Good Shipper

Extra large Peach of uniform round shape and beautiful all-over red color. Has an excellent flavor and firm, fine-textured flesh. Kalhaven is a cross between J. H. Hale and the old Kalamazoo variety. Ripens a few days after the common Elberta. Freestone. An exceptionally good shipper and keeper. Self-pollinizer.

AMBER GEM Canning Peach

One of the finest canning Peaches grown. Really huge in size; color is bright red tinged with yellow; flavor is sweet and very delicious; clingstone variety. Ripens about the same time as Elberta. Keeps well on the tree, and an excellent shipper. Always in demand by the large canners. Very hardy and a heavy producer.

FRENCH Lilacs

HYBRID COLORFUL – FRAGRANT DOUBLE FLOWERS

These gorgeous French-type hybrid Lilacs will add lasting beauty and distinction to your landscape planting. They bear remarkably large flower panicles, 8 to 12 inches long, thickly massed with single and double florets; richly fragrant. The colors are exquisite.

French Lilacs make compact, shapely bushes. They do not sucker, but bear loads of flowers every spring. Desirable for lawn specimens, in corner groups, mixed shrub plantings and for Lilac hedges. Plant 5 feet apart; trim as desired. They grow 6 to 8 feet tall.

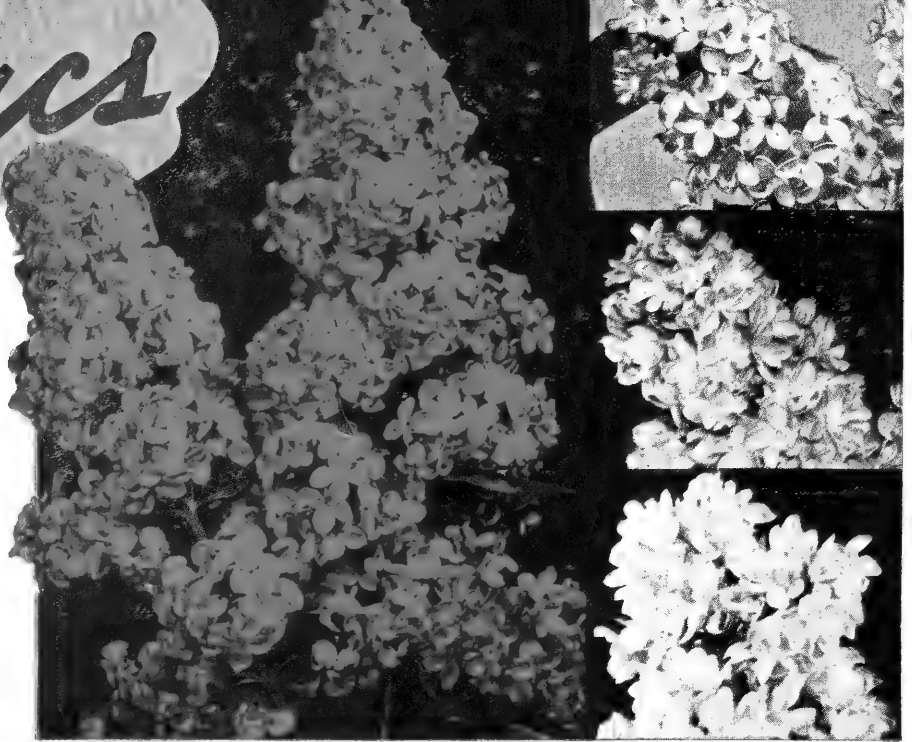

Colors: Red, Pink, White, Blue. 2-yr., field-grown bushes, \$1.20 each; 2 for \$2.35; 4 for \$4.50; 2-3 ft., 2-yr. bushes, \$1.65 each; 2 for \$3.20, postpaid.

	2.25	4.30	7.95

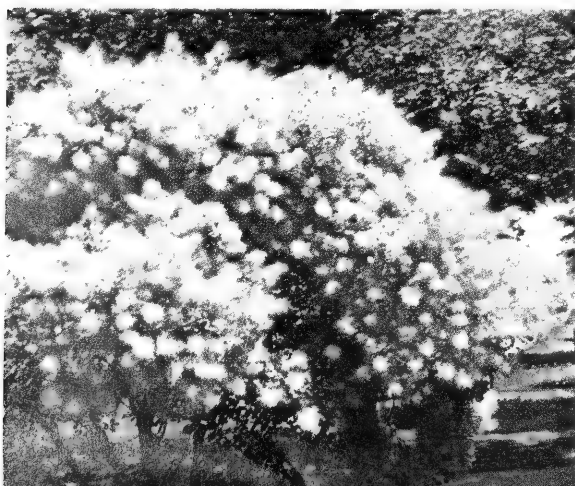

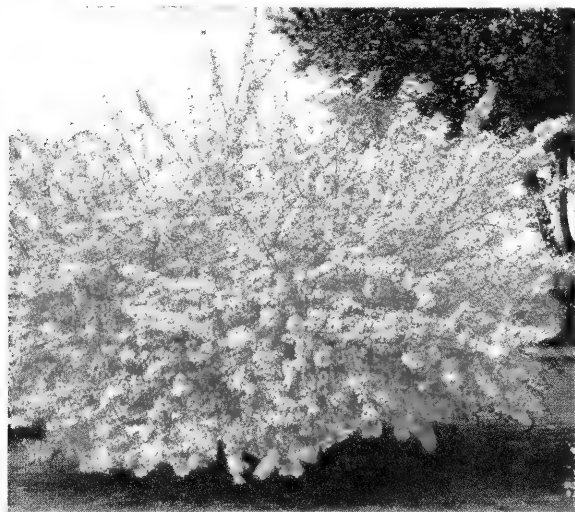

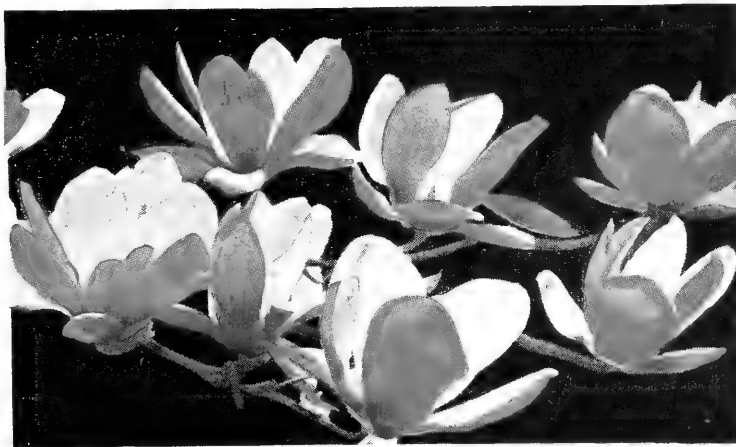

AZALEA MOLLIS

Gorgeously colored aristocrats! Clusters of large, waxen blooms completely cover the 3 to 4 ft., graceful shrub in May and June. This unusual, hardy shrub offers many possibilities for enlivening your garden with sparkling color. Use them for color accents in the foreground of shrub border or foundation planting; in groups for bold color effects.

Plant in full sun (light shade in the South), in soil generously mixed with leaf mold and acid peat. Each fall a top dressing of well rotted stable manure will induce finer blooms. Water freely in dry weather. Do not cultivate.

Choice of Colors: Orange, Red, Salmon, Yellow. Blooming-age plants, \$1.95 each; 2 for \$3.75; 4 for \$6.95, postpaid.

Magnolia Soulangeana

Colorful - Showy MAGNOLIAS

MAGNOLIA SOULANGEANA. The most popular hardy Magnolia. Delightful, fragrant blossoms appear very early in spring. Blooms measure 8 inches across and are very striking with their petals of purple-pink on the outside and white inside. Dwarf growing. **2-3 ft. trees, branched, balled in peat, \$4.25 each; 2 for \$8.25; postpaid.**

MAGNOLIA NIGRA. Large, Lily-like flowers of dark purplish-red and attractive, rich waxy green foliage. One of the first trees to bloom in spring. Trees grow 12 to 15 feet tall. **2-3 ft. trees, branched, balled in peat, \$4.25 each; 2 for \$8.25, postpaid.**

Red Maple

DWARF BLOOD-LEAVED MAPLE

Rounded, dwarf growing trees that seldom grow more than 10 feet tall. Densely furnished to the ground with indented leaves of unrivaled brilliancy and charm. Their early spring and midsummer color is a vivid blood-red which dulls to a bronzy purple-red towards fall. They make splendid foreground subjects in mixed groups and are unexcelled for a bright spot of color on the open lawn. You will be delighted with the effect achieved by adding this colorful tree to your planting this spring. **1 to 1½ ft., specimen plants, balled in peat, \$3.75 each; 2 for \$7.25, postpaid.**

Red Flowering Peach

RED FLOWERING PEACH

Symmetrical spreading tree growing to a height of about 20 feet. The thousands of miniature Roses which blossom early in the spring before the leaves appear present a vision of loveliness against the new green of an early spring lawn. An outstanding ornamental in any planting. Ideal as a specimen plant, or fine for group plantings.

See Page 7

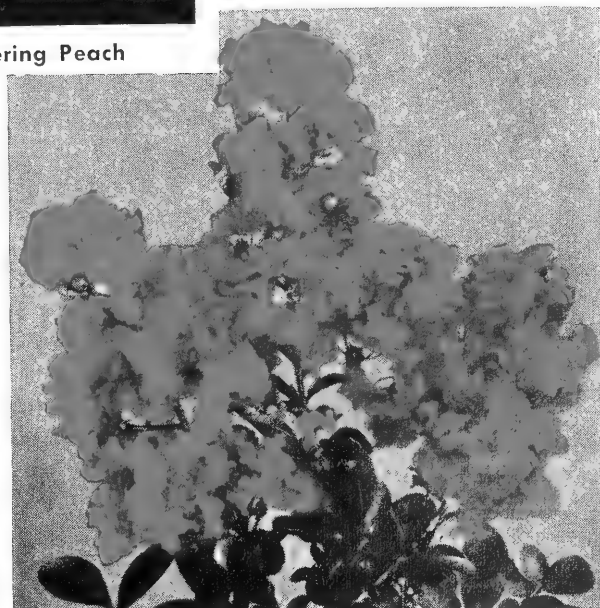

EUONYMUS BURNING BUSH

(*Euonymus Alatus Compactus*)

A very unusual shrub that attracts attention whenever seen. Produces small yellow flowers in spring, followed by red fruits. Oval-shaped green leaves turn a brilliant coppery crimson tinged rose, in the fall. Has an unusual corky bark. Will thrive in partial shade or full sun. Useful for single specimens on the lawn, in shrub border or among evergreens. **2-yr., field-grown plants, \$1.50 each; 2 for \$2.85, postpaid.**

CRAPE MYRTLE WATERMELON RED

The plant which is so much a part of southern beauty is now available in hardy form for those of us in more northern climates. Habit similar to Buddleia, as it dies down to the ground each winter in the North but throws up new shoots each spring and flowers in the summer. If you want a real thrill in plants, we recommend this one. Will grow in any good garden soil. Plant 3 feet apart for borders. **1½ to 2 ft. field-grown plants, \$1.00 each; 2 for \$1.95, postpaid.**

Crape Myrtle

EVERGREENS for Lasting Beauty

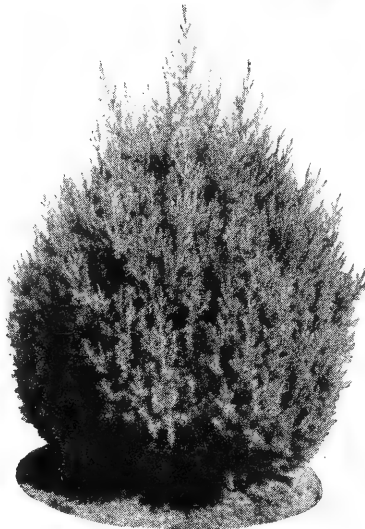

Majestic Junipers

COLUMNAR JUNIPER (Juniper Virginiana)

Dark green foliage; dense, compact growth; tall, symmetrical form. An excellent many-purpose evergreen — for doorway accents in foundation plantings, screens, windbreaks and hedge planting. Grows rapidly and is very hardy. 18-24 in., heavy transplants, \$2.25 each; 2 for \$4.25; 4 for \$7.95, postpaid.

Columnar Juniper

Spiny Greek Juniper

Pfitzer Juniper

PFITZER JUNIPER (Spreading)

One of the best evergreens for use wherever a low-growing tree is desirable. Low, spreading habit of growth makes it ideal for use beneath windows, around terraces and for low corner groups. Blue-green feathery foliage is attractive the year around. 12-15 in., heavy transplants, \$2.45 each; 2 for \$4.75; 4 for \$8.95, postpaid.

SPINY GREEK JUNIPER (Stricta)

For a semi-dwarf pyramidal Evergreen, Juniper Stricta is unsurpassed. Foliage is a silvery blue, very compact and cedar-like. Reaches about 4 feet in this section, and slightly larger in the South; not quite as large in the North. 12-15 in., heavy transplants, \$2.25 each; 2 for \$4.25; 4 for \$7.95, postpaid.

Versatile Japanese Yews

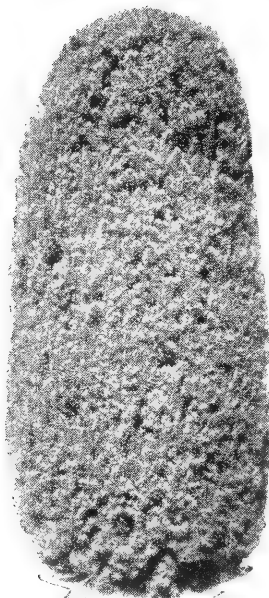

For Shady and Sunny Places!

UPRIGHT YEW (Taxus Capitata)

Tall, narrow, pyramidal type valuable in foundation plantings for corners and doorway accents; also desirable for hedge and specimen planting. Rich green foliage remains attractive throughout the year. May be trimmed as desired. 12-15 in., heavy transplants, \$2.75 each; 2 for \$5.25; 4 for \$9.75, postpaid.

SPREADING YEW (Taxus Cuspidata)

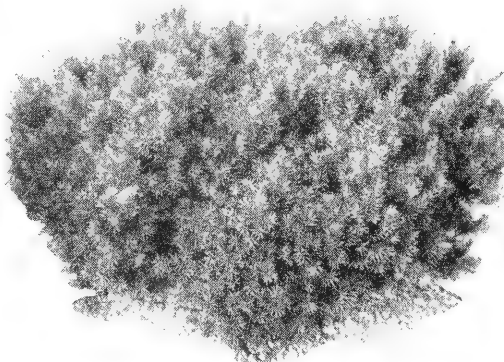

Fine dark green foliage. Short branchlets densely produced. Grows to medium height and may be sheared for a low hedge if desired. Mature specimens bear bright red berries. Will thrive in dense shade or sunny locations. 12-15 in., heavy transplants, \$2.45 each; 2 for \$4.75; 4 for \$8.95, postpaid.

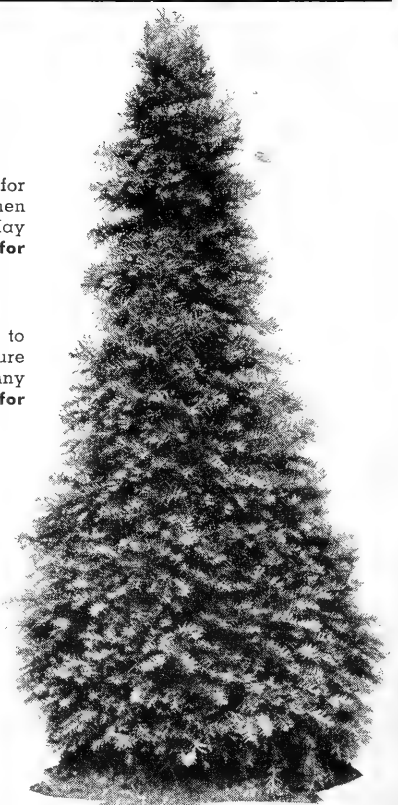

Hick's Yew

HICK'S YEW (Taxus Hicksi)

A beautiful, shrub-like Evergreen of medium height and columnar form. Rich green, dense foliage is often as broad at the top as at the bottom, thus lending itself to hedges which can be shorn and kept low, or a living green wall of considerable height. Rather fast growing; will thrive in densely shaded areas. 12-15 in., heavy transplants, \$2.45 each; 2 for \$4.75; 4 for \$8.95, postpaid.

Spreading Yew

Upright Yew

at Low Bargain Prices

Popular Arbor-Vitae

PYRAMIDAL ARBOR-VITAE

Narrow, shapely, pyramidal form with green, fanlike foliage. Stands full sun. Good for doorway and corner planting. 18-24 in., heavy transplants, \$2.45 each; 2 for \$4.25; 4 for \$7.95, postpaid.

GLOBE ARBOR-VITAE

Naturally globe-shaped, shrubby type with broad, green, fan-shaped leaflets. Grows 3 feet tall; light pruning keeps it shapely. Fine for doorway planting, border and corner groups. 8-10 in., heavy transplants, \$1.95 each; 2 for \$3.80; 4 for \$7.00, postpaid.

SHADE

Chinese Elm

CHINESE ELM

Rapid growing, hardy Siberian strain. Withstands cold winters, poor soil, drought and other unfavorable conditions. Artistic green leaves thickly produced, provide good shade. Fine for street, roadside parks, lawn specimens, etc. Height 75 feet at maturity. Plant 40 to 50 feet apart. Good wind-breaks when planted close together. Well branched, well rooted trees.

	Each	2	5	10

HARDY HEDGE PLANTS

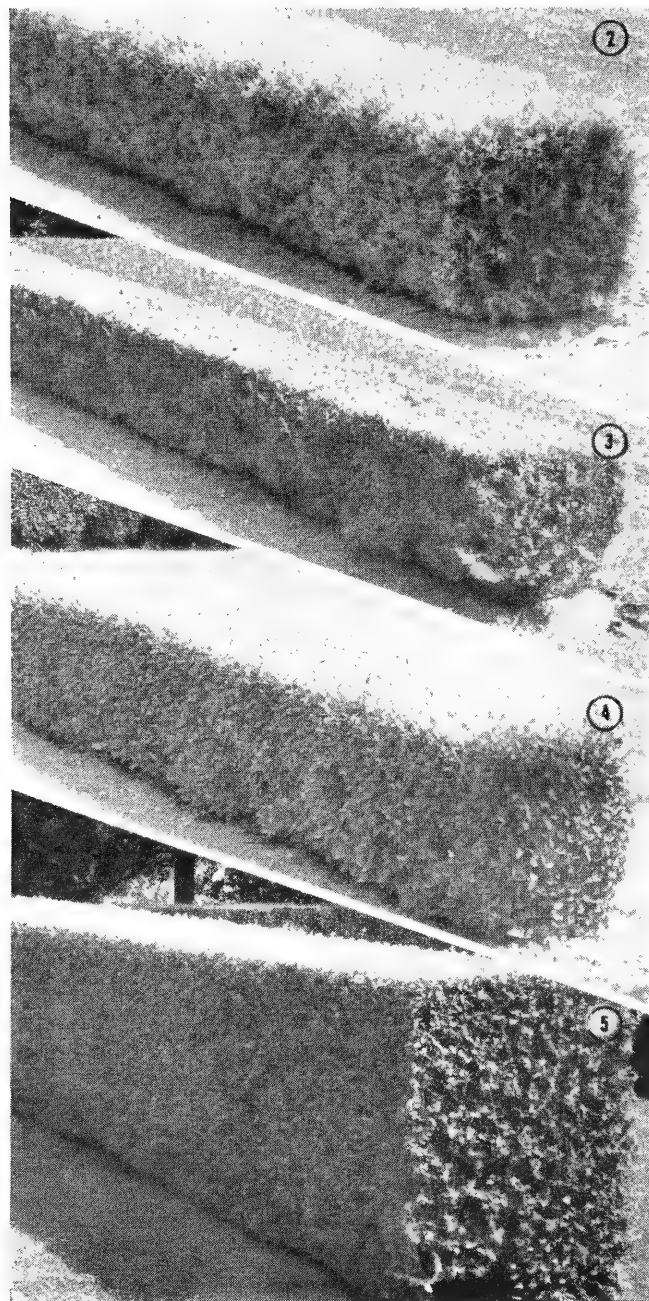

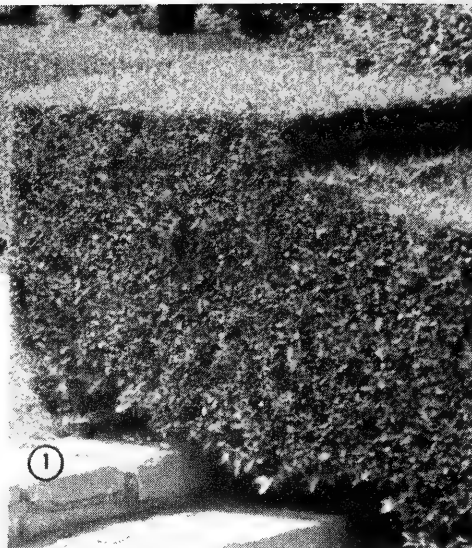

① HARDY PRIVET

(Amoor River North)

Easiest to grow of all Privets. Very hardy; thrives under favorable planting conditions. Makes an attractive hedge in all seasons with its glossy green leaves and clusters of white flowers, followed by berries. Trim to desired height and shape any time during summer. Leave untrimmed for foundation and screen plantings. Set bushes 9 to 12 inches apart. For a wider hedge, plant 2 rows, alternating the plants. Well branched, well rooted bushes.

2-3 ft.	3.95	6.95	10.95	

①

②

DWARF BLUE-LEAF WILLOW

Charming new hedge plant of refined growth and lovely gray-blue foliage. Leaves cluster thickly from ground up. Thrives under all conditions; withstands Arctic climate, and wet, dry, hard or poor soils. May be trimmed severely. Well-rooted, 12-15 inch plants, 5 for \$2.10; 10 for \$3.95; 25 for \$8.95; 50 for \$16.95; 100 for \$32.50.

BRIDAL WREATH SPIREA

(Spirea Van Houttei.) Our most useful and popular flowering shrub. Grows with equal success anywhere. Can be trimmed any time during summer; makes a perfect informal hedge or tall, screening hedge. Set bushes 2½ to 5 feet apart. The multitudes of small white flowers furnish a wall of beauty during June.

18-24 in.55	4.75	9.95	

④

COTONEASTER ACUTIFOLIA

Glossy, dark green foliage and showy, small red flowers, followed later by black fruits, make this a most useful and ornamental shrub. It is becoming increasingly popular for hedge use. Broad, upright growth forms a beautiful, dense hedge; may be trimmed as desired. 12-18 in., heavy hedging-grade, 10 for \$4.95; 25 for \$8.75; 50 for \$15.00; 100 for \$27.50.

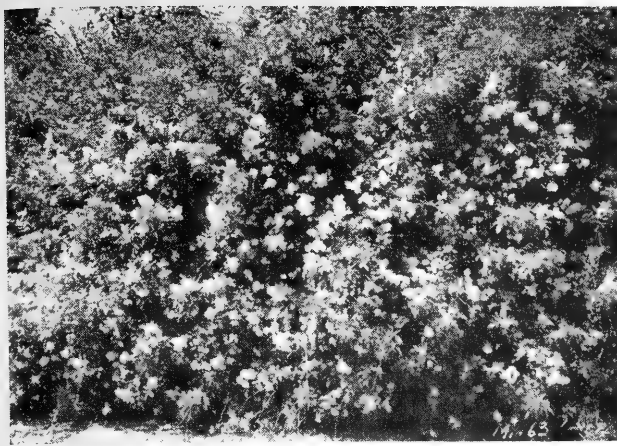

CARAGANA

Tall growing shrub with small, bright green leaves on stiff, upright branches. Clusters of small, yellow pea-like flowers load the branches in late spring. Exceptionally hardy; thrives in sun and light soil. Perfect for informal hedge or screening purposes. 12-18 in., heavy hedging-grade, 10 for \$1.50; 25 for \$3.25; 50 for \$5.25; 100 for \$9.95.

⑤

BUSH HONEYSUCKLE HEDGING

No hardier plant can be found than Bush Honeysuckle. Grows to a height of 8 to 10 feet with upright, somewhat spreading branches. Foliage is bright green. Flowers are borne freely in May and June; very fragrant, attracts bees and humming birds. Excellent for screening purposes and informal hedges. 12-18 in., heavy hedging-grade, 5 for \$2.10; 10 for \$3.95; 25 for \$8.95; 50 for \$16.95.

ROSA MULTIFLORA

A Living Fence For Little Money

Now you can have a natural living fence that will last for years, without expensive upkeep. **Rosa Multiflora** is the amazing new hedge material that garden and farm magazines have written so much about recently. The plants are very hardy; grow rapidly, and in just a few years will make a hedge dense enough to keep all types of animals in their place.

Eliminate expensive repair bills and maintenance costs by planting **Rosa Multiflora** wherever a fence is needed. Easy to grow; thrives under most soils and conditions of weather. Requires no training, pruning or clipping. Grows to a height of 12 feet, blooms each year and is the most practical, decorative planting material that can be used. Plants should be set 12 inches apart. A living fence adds beauty and value to your property. Plant **Rosa Multiflora** this spring.

RUSSIAN OLIVE

A fine ornamental with dense, silvery-green foliage. Bears a profusion of fragrant yellow flowers. Branches thickly from the ground up; perfect for hedging, and "snow catch" rows in shelter belts or windbreaks. Plant about 4 feet apart.

	10	25	50	100
18-24 in. trees.....	\$2.10	\$4.25	\$6.95	\$10.95

AMERICAN ELM

One of our hardiest native trees; long-lived, drought-resistant. Grows successfully everywhere. Highly recommended for shelter belts and wood lots. In windbreak rows, plant trees 6 feet apart.

	10	25	50	100
2-3 ft. trees.....	\$2.35	\$4.50	\$8.00	\$14.50

• 29 •

THORNLESS HONEYLOCUST

Handsome, rapid growing tree with delicate, fern-like foliage of bright green. Plant 2 or 3 rows of these seedling trees this spring, around farm buildings or along property lines. They will provide an excellent, inexpensive windbreak in just a few years.

	10	25	50	100
18-24 in. trees.....	\$1.95	\$3.95	\$7.00	\$12.50

LOMBARDY POPLAR

Rapid growth and general hardiness make this one of the most useful trees for windbreaks, screening hedges and for stately accents along drives and avenues. Trees branch thickly from the ground up, and when planted 3 or 4 feet apart will provide good protection, or a dense hedge, in 2 or 3 years after planting.

	10	25	50	100
2-3 ft. trees.....	\$1.95	\$3.95	\$7.00	\$12.50

CARAGANA (Siberian Pea Tree)

Grows to a height of 12 feet. Stiff, upright branches bear numerous small, yellow, pea-like flowers in late spring. Grows rapidly, very hardy. For a beautiful, dense hedge, plant a double row of these fine seedling trees this spring.

	10	25	50	100
2-3 ft. trees.....	\$2.50	\$4.95	\$8.95	\$16.50

BLACK WALNUT

An outstanding all-purpose tree; easy to grow and very hardy. Excellent for shelter belts and wood lots. Bears an abundance of delicious nuts that are unequalled for use in baking and confections. Black Walnut logs are always in demand for their high quality lumber. A planting of these trees will be worth many times their original cost.

	10	25	50	100
18-24 in. trees.....	\$1.95	\$3.95	\$7.00	\$12.50

GREEN ASH

Dependable, fast growing tree; grows successfully everywhere. Makes a dense, spreading growth. Drought-resistant and durable. Excellent for windbreaks and wood lot; lumber is valued for fence posts. For windbreaks, plant trees 6 feet apart.

	10	25	50	100
2-3 ft. trees.....	\$1.75	\$3.50	\$6.00	\$10.50

HYBRID Everblooming TEA ROSES

Colorful-Dependable

SOUER THERESE. Long pointed buds open into lovely blooms of rich daffodil-yellow. Flowers have a pleasing sweetbriar fragrance and hold their color well. Sturdy grower, 3-ft., erect canes. Very free flowering.

THE DOCTOR. Exquisite silvery-pink. Long, slender pointed buds expanding to enormous blooms. Very fragrant and uniform in color. One of the largest of all Roses.

BLACK KNIGHT. Strikingly different. Blackish-maroon blooms of velvety texture; very large, very double borne on sturdy 2½-ft., canes. Delightful fragrance.

BRIARCLIFF. Extra large, perfectly formed flowers of deep rose-pink, lighter on outer petals. Extremely fragrant and a most profuse bloomer. Ideal for cutting.

AMI QUINARD. Velvety midnight-red. Elegant long buds open into richly colored, medium-sized blooms, exotically perfumed. Color is non-fading.

MME. J. PERRAUD. (Not illustrated.) Long, pointed buds of delicate orange open into sweetly fragrant flowers of orange-buff shading to shell-pink at petal edges. A fine variety for cutting.

AARS WINNERS

The Best of the

Patented

ALL 2-YR., NO. 1 PLANTS

You get the best money can buy — when you buy Emlong's Roses. A succession of glorious blooms — literally hundreds all summer long — can be yours by planting Emlong's healthy, vigorous Rose bushes.

PEACE (Plant Pat. No. 591)

Winner of All-America Rose Selections for 1946. Extremely large many-petaled blooms of glowing yellow open to creamy-white with pink picoteed edges. Deeply veined, rolled petals. Delicate fragrance. Heavy, erect stems and attractive holly-shaped foliage. Blooms continuously until frost. **\$2.50 each; 3 for \$6.60, postpaid.**

MIRANDY (Plant Pat. No. 632)

Rich, glamorous, deep crimson blooms open from long, pointed ovoid buds. Excellent foliage is heavy in texture and covers the erect symmetrical branches. Bush is vigorous and sturdy, generally reaching 30 to 36 inches in height. Very penetrating damask fragrance. Especially fine for cutting as buds will open slowly into gorgeous 50-petaled blooms. **\$2.00 each; 3 for \$5.25, postpaid.**

FORTY-NINER (Plant Pat. No. 792)

Probably the most brilliantly hued bi-colored Rose ever introduced. Inside face of petals is a vivid Oriental red, changing to cherry-red; outside of petals is rich chrome-yellow, sometimes overlaid with pink changing to yellow in full bloom. These shades contrast vividly, yet blend so beautifully that you will readily see why the variety is so outstanding. **\$2.25 each; 3 for \$6.00, postpaid.**

SHOW GIRL (Plant Pat. No. 646)

The magnificent buds of this variety are its most outstanding feature. They are truly the longest, most perfect, deep pink buds you can imagine. In full bloom the color is a softer tone but still a deep pink. Flowers are long-lasting with big textured petals. Heavy, erect canes. **\$1.75 each; 3 for \$4.65, postpaid.**

REX ANDERSON (Plant Pat. No. 335)

Use this enchanting all-white beauty for dramatic contrast in your Rose planting. Perfectly formed blooms of pure ivory-white open slowly and are long lasting; delicately scented. For perfection of form and purity of color, no other white can equal this variety. Blooms are enormous if disbudded. **\$1.75 each; 3 for \$4.65, postpaid.**

GOLDEN SCEPTER (Plant Pat. No. 910)

Remarkable for its non-fading quality (so rare in yellow Roses) we consider Golden Scepter a "must" in every Rose garden. Golden yellow buds open slowly into exquisite, brilliant yellow blooms that retain their rich color throughout the summer. Blooms continuously and abundantly. **\$2.50 each; 3 for \$6.60, postpaid.**

HELEN TRAUBEL (Pat. Applied For)

As glamorous and colorful as the Opera star for whom it was named. The color is distinctive — clear, sparkling tones of pink to rich apricot. Buds are long and unusually large, opening into magnificent full blooms. Exceedingly vigorous and free-flowering. **\$2.75 each; 3 for \$7.20, postpaid.**

Modern Roses

Hybrid Tea Everblooming

NEW YORKER (Pat. No. 823)

A truly red, red Rose that stays red until the petals wither and fall. The dark color is clear and sparkling, and the flowers are tremendous, often 6½ inches across. Has a delightful almost Raspberry fragrance. Bears a continuance of blooms from June until cold weather. **\$2.00 each; 3 for \$5.25, postpaid.**

CRIMSON GLORY (Pat. No. 105)

Enormous double blooms of deep vivid crimson. Long, pointed buds which open slowly. Large, sturdy bushes produce an abundance of extremely fragrant blooms. Foliage is healthy and luxuriant. A real Rose in every sense of the word and a valuable addition to every garden. **\$1.75 each; 3 for \$4.65, postpaid.**

FLORIBUNDA ROSES

FINE FOR BORDERS AND BEDS

MA PERKINS (Pat. Applied For)

1953 All-America Winner! The color is a translucent coral touched with yellow at the base, in the bud stage, then a glowing coral-shell pink in full bloom. You'll want to try this sparkling new beauty! **\$2.25 each; 3 for \$6.00, postpaid.**

FASHION (Plant Pat. No. 789) AARS

Brilliant, luminous-coral flowers overlaid with gold; enticing "old rose" fragrance. Blooms continuously from June until frost. **\$2.00 each; 3 for \$5.00, postpaid.**

GOLDILOCKS (Plant Pat. No. 672)

The perfect yellow Floribunda. Clear golden-yellow buds resembling miniature Hybrid Teas open slowly into beautiful, pure golden-yellow blooms. **\$1.50 each; 3 for \$3.90, postpaid.**

RED PINOCCHIO (Plant Pat. No. 812)

The 3½-inch flowers are borne in large, long lasting clusters. Color is rich carmine which deepens and acquires a velvety cast; non-fading. **\$1.50 each; 3 for \$3.90, postpaid.**

PINOCCHIO (Plant Pat. No. 484)

Beautiful buds and flowers produced on long sprays. Color is pink suffused with golden salmon. Prolific bloomer. **\$1.50 each; 3 for \$3.90, postpaid.**

VOGUE (Plant Pat. No. 926) AARS 1952

Gorgeous iridescent color of begonia-rose flushed with salmon; 4-inch blooms. **\$2.25 each; 3 for \$6.00, postpaid.**

MODERN - COLORFUL - HARDY CLIMBING ROSES

BLAZE (Everblooming)

Very double, well-shaped, blazing-red flowers produced in great quantities throughout the long blooming season. Makes a magnificent display all summer. \$1.50 each; 3 for \$3.90, postpaid.

CLIMBING NEW DAWN

(EVERBLOOMING) Hardest Everblooming Climber known! Perfect buds open into delightfully fragrant flowers of appleblossom pink. Exquisite in floral arrangements. \$1.50 each; 3 for \$3.90, postpaid.

DR. J. H. NICOLAS

(EVERBLOOMING) Pat. No. 457. Very large, deep rose-pink flowers are produced in great profusion during June, then intermittently all summer. Lovely rich fragrance. Easy to grow, requires little care. \$2.00 each; 3 for \$5.25, postpaid.

CLIMBING PEACE

(EVERBLOOMING) Pat. No. 932. Ovoid buds of deep yellow with petal edges picotee cerise, slowly open into gorgeous 5-inch blooms with shades of canary-yellow, pale gold, cream, white and appleblossom. Truly sensational. \$2.50 each; 3 for \$6.60, postpaid.

CLIMBING ETOILE de HOLLANDE

(EVERBLOOMING) Some of the loveliest red buds and open flowers are produced on this big, strong-growing plant. Blooms are often larger and stems longer than on bush variety. Richly perfumed. \$1.35 each; 3 for \$3.40, postpaid.

CLIMBING TALISMAN

(EVERBLOOMING) Rich orange-yellow buds open into large blooms of salmon-orange shaded with red and gold. Very fragrant. Vigorous grower with long stemmed buds and flowers. \$1.35 each; 3 for \$3.40, postpaid.

CLIMBING CRIMSON GLORY

(EVERBLOOMING) Pat. No. 736. Deep velvety crimson, richly perfumed blooms are produced in great abundance. Will make a spectacular color display wherever grown, throughout the long blooming season. \$2.00 each; 3 for \$5.25, postpaid.

PAUL'S SCARLET CLIMBER

The most popular red. Bright scarlet-red, semi-double, 2-inch flowers are produced freely in clusters of 3 to 10 blooms on many-branched canes. Very hardy and easy to grow. \$1.25 each; 3 for \$3.25, postpaid.

Baby-Flowering ROSES

Masses of Color for

- HEDGES
- ROSE GARDENS
- BORDERS
- BEDDING

Golden Salmon

Beautiful blooms of glowing orange-salmon, borne in large clusters. Plant a group of this lovely variety in rose bed or border and you'll be delighted with the wonderful display of color the masses of brilliant blooms and buds add to your garden.

Ideal

Deep, velvety crimson with near-black shadings. The plants are very free blooming and produce great quantities of double blooms in large, compact clusters. Blooms all summer; slightly fragrant. Rich, dark green glossy foliage.

Mrs. R. M. Finch

Charming 2-inch blooms of light, rose-pink. Strong grower produces large clusters of blooms continuously all summer. A perfect variety for edgings, and for miniature floral arrangement, these "baby blooms" are truly fascinating.

Improved Lafayette

Medium sized blooms of glowing deep-red suffused with vivid crimson. Blooms unfailingly until hard frost. One of the finest for bedding; very prolific bloomer. Strong, erect growth; 2½ to 3 ft. tall.

Kirsten Poulsen

Masses of bright scarlet, single flowers and buds in big, compact clusters; delicately fragrant. The long lasting flowers are lovely in bouquets. Very hardy and free flowering. Plant in large groups for most effective display; set plants about 14 inches apart.

Prices: \$1.25 Each; 3 for \$3.65; 5 for \$5.95; 10 for \$11.50, postpaid.

CAREFUL PLANTING Means BEAUTIFUL ROSES

Rose bushes fresh from the Nursery deserve the best care you can give them. In return they will reward you with a greater abundance of perfect flowers, luxuriant foliage and continued healthy, vigorous growth. Roses should be planted as soon as possible after they are received. If this cannot be done, unpack them and heel into the ground until ready to plant in permanent location. Water carefully. Do not allow roots to dry out.

Roses Prefer A Sunny Location - Well Drained Soil

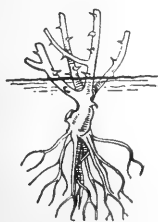

Plant roses where they will get full sun at least half of the day. They will thrive in any good garden soil that is well drained. Fertilizer, or well rotted manure if available, should be worked into the soil.

When planting, dig holes large enough to avoid crowding the roots, and **deep enough** so that when plants are set in, **the joint or bud just above the roots will be about 2 inches below the surface of the soil.** Fill hole with finely pulverized soil, tramping down firmly to prevent air pockets. Leave a slight depression around each plant to retain water. Soak plants and soil around them thoroughly. When water has settled, hill the soil up around each plant to a height of 6 inches. As soon as buds begin to sprout, level off. Keep Rose planting well watered at all times. To discourage mildew, avoid wetting foliage too much. Fertilizer applied twice during the summer (at intervals of at least 30 days) will induce added growth and extra quality in blooms.

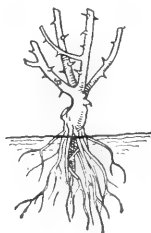

For winter protection in cold climates, hill soil up around each plant to a height of 8 to 12 inches in late fall before ground freezes. **In the spring** level soil off as soon as danger of hard frost is over, and cut canes back to 6 inches.

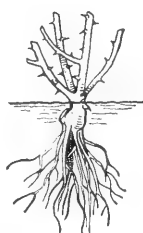

How to Prune

Planted too deep

Planted too shallow

Properly pruned and planted

POMO - GREEN

**The All Purpose Rose Spray
KEEP YOUR ROSES BEAUTIFUL**

New Pomo-Green is a combined insecticide and sulphur fungicide, green in color; easily applied and quick acting. It can be dusted or sprayed and leaves no unsightly residue when used as directed. Pomo-Green is recommended for the control of the dreaded black spot and powdery mildew, well known to Rose growers; also chewing and sucking insects on Roses, Delphiniums, Phlox and many other ornamental plants.

1-lb. Canister \$1.15, postpaid
4-lb. Bag 3.45, postpaid

Fall Blooming HARDY ASTERS

Considered by many to be the loveliest of autumn flowering perennials. Hardy Asters are highly prized for the brilliant color display they provide and for their prolific blooming habit. Golden centered flowers, 1½ inches across cluster all along the stems, making a full flower show when other blooms are scarce. The plants grow 18 to 24 inches tall with many branches. Splendid for border and cut flower use; also for low hedge as they may be trimmed to shape and will still bloom abundantly. Hardy, field-grown, blooming-age plants. Colors: **Nancy**, pale pink; **Snow-sprint**, semi-double white; **Victor**, clear lavender-blue. 50c each; 3 for \$1.45, postpaid.

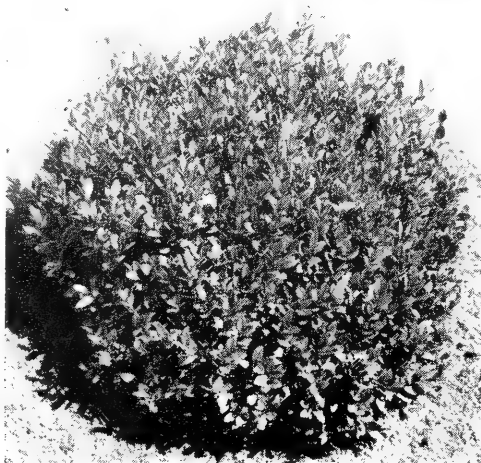

Fall Blooming Aster

HIBISCUS—Mallow Marvel

Immense, bell-shaped flowers measuring 7 to 8 inches across are borne on tall, erect canes. Easy to grow, very hardy perennial, valuable for background planting in the hardy border or for specimen plants. The wide range of colors makes a very showy display during August. Large, ornamental leaves. Mixed colors only. 45c each; 3 for \$1.25, postpaid.

Hibiscus

Boxwood - Welleri

BOXWOOD – Welleri

The hardiest Boxwood in cultivation. Superior to the Suffruticosa variety. Welleri has much better foliage and is faster growing. Makes a dense hedge quickly, and can be trimmed to desired height and shape. Will thrive anywhere. Perfect for low hedges and edging. 5-7 in., field-grown plants, 75c each; 3 for \$2.20; 10 for \$7.00, postpaid.

IRIS KAEMPFERI

(Rainbow Iris.) Beautiful summer blooming Iris in a wide range of colors. Planted in a mass or as a border, they will provide a gorgeous rainbow of colors for your garden, during early summer. Iris Kaempferi should have a place in every garden. Their beauty of form and rich colors, their graceful foliage which remains ornamental long after the flowers have bloomed, have long made them a favorite with Iris lovers. Mixed colors. 50c each; 2 for 95c; 4 for \$1.85, postpaid.

ALUMINUM SULPHATE

Aluminum Sulphate fertilizer for Blueberries, Blue Hydrangea, Azalea, Rhododendrons and any acid loving plant. If soil is not acid, the most reliable method is to water plants growing in the garden several times, at two-week intervals, during the early part of the growing season, with a 2½ percent solution of aluminum sulphate (3 ozs., dissolved in 1 gallon of water); use about 1 gallon for each plant at each treatment.

1 lb.\$.85, postpaid
3 lbs. 1.35, postpaid

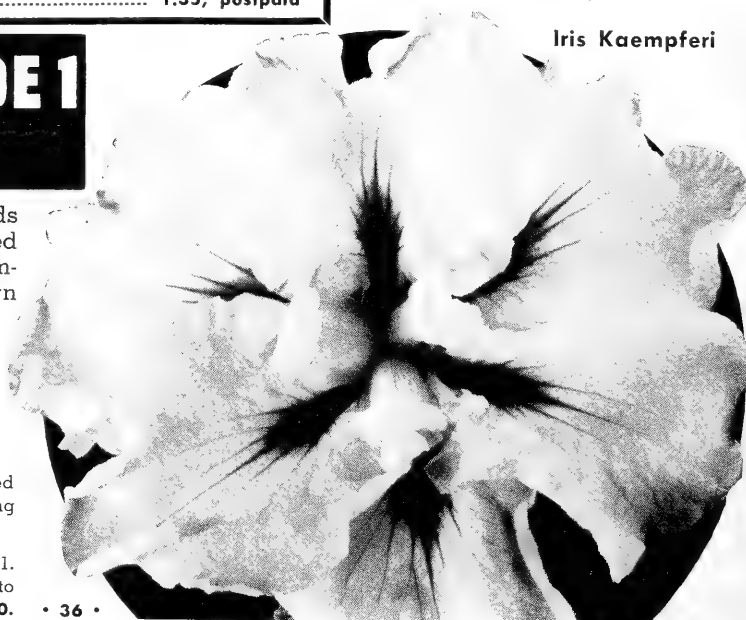

CRAG HERBICIDE 1 WEED KILLER

Save work and keep your garden free from weeds with the amazing new Crag Herbicide 1. It kills weed seeds as they germinate and is especially recommended for use in strawberries, asparagus, sweet corn and gladiolas.

Crag Herbicide 1 is completely different in its action from most weed control chemicals such as 2,4-D or contact herbicides. Crag Herbicide 1 can be sprayed directly on many established plants at the recommended dosage without causing injury. When

Crag Herbicide 1 is in contact with the soil, however, it is changed to an active form which kills or stunts shallow planted germinating seeds as it is taken in through the young roots.

No worry about drift damage when you use Crag Herbicide 1. Just follow the directions on the package. The effects last from 3 to 6 weeks. 1 ounce treats 3,000 square feet. 4-ounce package \$1.50.

Iris Kaempferi

**Climbing
Hardy**

VINES

**Colorful
Decorative**

GOLDFLAME Honeysuckle

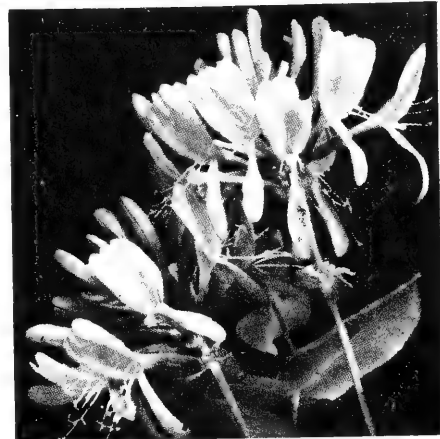

Beautiful flower clusters as large as your hand, cover the vines from June until frost. Curved petals and long stamens; brilliant rose-red outside and gold inside. Lovely for cutting. May be trimmed as vine, shrub or low hedge. Blooms profusely year after year; requires little care. **2-yr., field-grown plants, 90c each; 2 for \$1.70; 4 for \$3.20, postpaid.**

HALL'S Fragrant Honeysuckle

Dainty yellow and white blossoms intermingled, produce a beautiful effect all summer. One of the most fragrant of all Honeysuckles. Vines are hardy, vigorous growers; ideal for covering unsightly buildings, screening out undesirable views and softening harsh fence lines. **2-yr., field-grown plants, 75c each; 2 for \$1.45; 4 for \$2.75, postpaid.**

Hall's Japan Honeysuckle

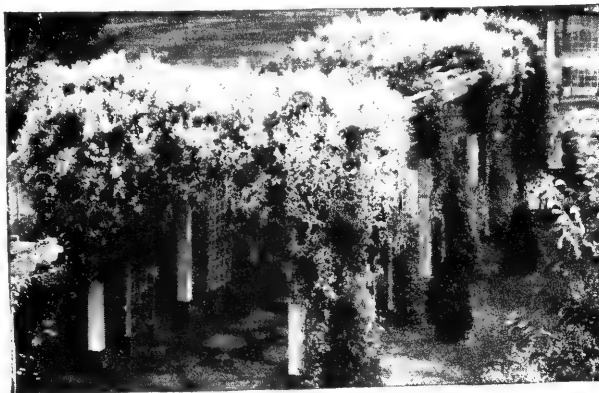

Gold Flame Honeysuckle

BOSTON IVY

(*Ampelopsis Veitchi*)

The best known and most popular of climbing plants. Very attractive, 3-lobed glossy green leaves. A rapid grower after established; clings to any surface. Will thrive in sunny or shady locations. Foliage turns scarlet in the fall. Valuable for wall coverings, tree trunks and posts. **2-yr., field-grown vine, 80c each; 2 for \$1.50; 4 for \$2.90, postpaid.**

Silver Lace Vine

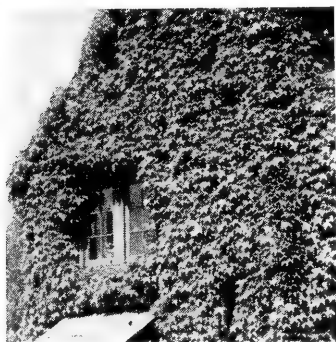

SILVER LACE VINE

Looks like a picture in a fairy-tale book with its myriads of snowy-white clusters of dainty blossoms. Blooms from summer until fall and is one of the fastest growing vines. The foliage is perfectly clean; insects do not bother it. Prefers a sunny location. Will grow 15 to 20 feet the first year after planting; clings to any support. Used extensively for covering unsightly buildings, barns and walls. **2-yr., field-grown, 80c each; 2 for \$1.50; 4 for \$2.90, postpaid.**

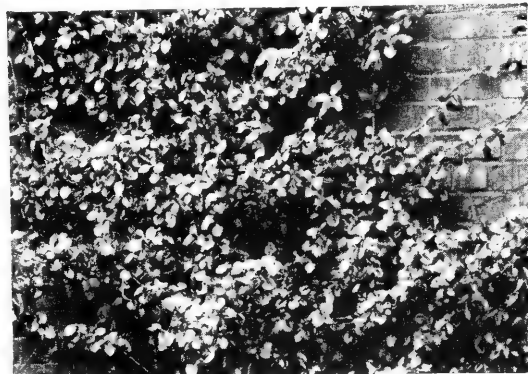

EVERGREEN BITTERSWEET

(*Euonymus Radicans*)

Will climb either brick or wood. Dark green firm leaves last through the winter and form an excellent background. Bears clusters of large red Bittersweet berries, which make good winter bouquets when dried. Adaptable as a climber or shrub, also ground cover for steep banks. **2-yr., field-grown, \$1.10 each; 2 for \$2.10; 4 for \$3.95, postpaid.**

Evergreen GROUND COVERS FINE FOR SHADE

PACHYSANDRA TERMINALIS

A trailing plant with beautiful waxy green leaves that stay green all winter. One of the most valuable plants for use in densely shaded areas where grass will not grow, and the only plant that will thrive

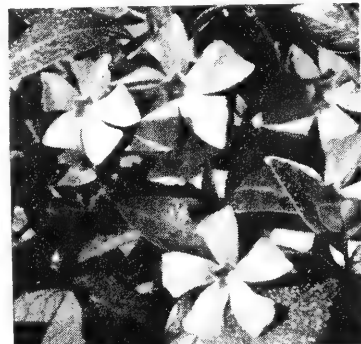

under pine trees. Plants make a dense growth and spread out rapidly and should be set 1 to 2 feet apart. Makes a beautiful low hedge for bordering walks and drives, and a splendid covering for steep banks, ravines and terraces. **5 for \$1.00; 10 for \$1.95; 20 for \$3.65; 50 for \$7.95; 100 for \$15.50, prepaid.**

VINCA MINOR — MYRTLE

Attractive, glossy green leaves and lovely violet-blue flowers make a very showy and effective ground cover. Used extensively under shrubs and trees and on graves; in fact, in any shaded areas where

other plants will not grow. A trailing plant that spreads rapidly and makes a dense, compact growth. Plants are hardy and trouble free; will thrive in sun or shade. Suitable for edgings to shrub borders, along wooded paths, etc. **5 for \$1.10; 10 for \$2.10; 25 for \$4.75; 50 for \$8.25; 100 for \$16.00, postpaid.**

LARGE
FLOWERING

DAHLIAS

3 NEW DAHLIAS

SHERWOOD PEACH. Beautiful blooms, large and with depth. Color is an ocherous-buff. Has cane-like stems; insect-resistant foliage.

CLARA CARDER. Huge blossoms of clear Cyclamen-pink. One of the best pink Dahlias.

KEMP'S ROYAL PENNANT. Extremely large flowers of royal purple. Very tall, strong stems.

Prices: \$1.25 each; 3 for \$2.75, postpaid.

10 JUMBO DAHLIAS

BASHFUL GIANT. Immense flowers of apricot and amber color.

COMMANDO. Color is rich dark lavender. Huge blooms 10 to 14 inches across! Very strong stems.

MONTEBELLO. Beautiful velvety crimson, of large size and good substance.

MRS. GEO. Le BOUTELLIER. Extra large crimson red. The best of a striking display in the garden.

RUFFLES. Exquisite shell-pink; petals ruffled on both sides. Blooms 10 inches across, larger when disbudded.

THE COMMODORE. Clear, canary-yellow. One of the largest yellows, and a profuse bloomer.

W. H. TAFT. Lovely shade of begonia-rose. Very large blooms on tall, strong stems.

THOMAS EDISON. One of the finest royal purples. Impressive form and size.

VICTORY. Pink with golden overcast giving the appearance of salmon-pink. A favorite for floral decorations.

WHITE WONDER. Large, iridescent white. Long, twisted petals give it a somewhat shaggy appearance.

Prices: 65c each; 5 for \$2.95; 10 for \$5.50, postpaid.

SHOW GARDEN DAHLIA COLLECTION

6 One each, The Commando, Bashful Giant, Montebello, Commadore, Victory — Plus 1 SHERWOOD PEACH GIANT DAHLIA for only **\$3.25** Postpaid

BALL TYPE DAHLIAS

Ball type Dahlias produce many more flowers on a plant than the decorative types and usually run from 3 to 4 inches across. The quill-shaped petals are so compactly held as to form almost a perfect ball. They have long keeping qualities and are ideal for cutting.

CHARLOTTE CALDWELL. Bright orange flowers on stock stems with healthy foliage.

A. D. LIVONI. Very fine rose-pink. Good stems and very free-flowering. An old favorite for cutting.

ORCHID BALL. Beautiful orchid shade. Lovely in bouquets.

RED CHIEF. A perfect ball of bright red. Makes an effective showing in the garden.

STORM KING. Pure white flowers, 4 inches across. Extra strong stems. Flowers keep exceedingly well when cut.

Prices: 50c each; 3 for \$1.45; 5 for \$2.25, postpaid.

Ball Dahlia

Cactus Dahlias

Cactus type Dahlias are becoming increasingly popular for use in floral arrangements. The flowers are generally somewhat smaller than Decorative varieties, and their unusual and varied petal formations provide an interesting display for garden and bouquets.

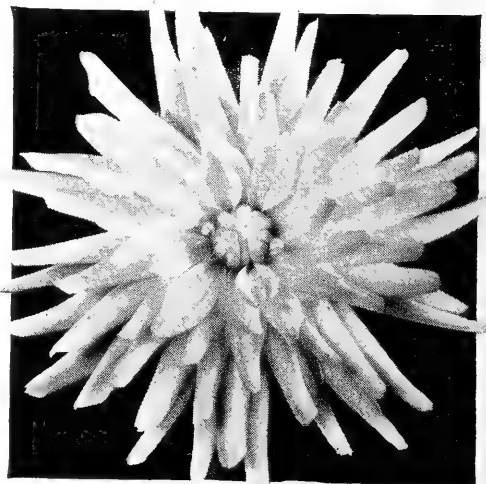

INKYO. Attracts attention in any garden. Very dark, incurved red.

JERSEY DAINTY. White, faintly tinged lavender.

LIBELLE. Royal purple. Fine for exhibiting and cutting.

PINK WONDER. Pink with lighter center. Strong grower; long, stiff stems and healthy foliage.

Prices: 60c each; 2 for \$1.10; 4 for \$1.95, postpaid.

Scarlet Quince

SCARLET QUINCE

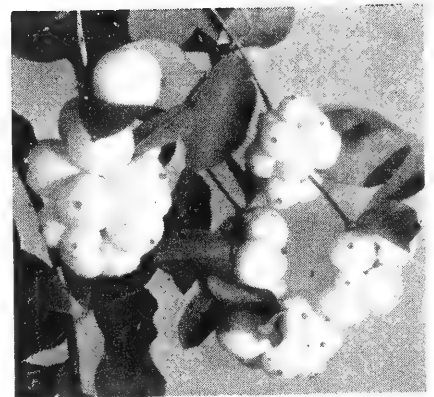

Loads of bright scarlet-red flowers with golden stamens charmingly arranged along the stems in early spring. Foliage is green tinged maroon and very interesting. A medium height shrub, 3 to 5 feet tall; also makes a hardy, dense hedge. Small fragrant Quinces, rich in pectin, make delicious jelly. **2-yr., blooming-age plants, 75c each; 2 for \$1.45; 4 for \$2.80, postpaid.**

Red Bark Dogwood

Pink Tartarian Honeysuckle

White Snowberry

Emlong's Hardy Flowering Shrubs

Add Color and Distinction to Your Landscape Planting

PINK TART. HONEYSUCKLE

Pink Tartarian is the shrub form Honeysuckle with flowers much larger and brighter in color than other varieties. A profusion of bright pink blossoms in spring, followed by loads of brilliant red berries in the fall. Medium tall; thrives in sun or shade. 2-yr., field-grown bushes, 75c each; 2 for \$1.45; 4 for \$2.75, postpaid. King Size, heavy 2-3 ft., \$1.25, postpaid.

PUSSY WILLOW

The French Pussy Willow with large, fuzzy grey catkins is a welcome sight in early spring. Desirable for bouquets. Tall growing shrub. Attractive green leaves. Trim as desired. Hardy anywhere. 2-yr., field-grown bushes, 75c each; 2 for \$1.45; 4 for \$2.75, postpaid. King Size, heavy 2-3 ft., \$1.25 each, postpaid.

COTONEASTER DIVARICATA

A showy ornamental shrub that is rapidly growing in popularity. Medium tall; spreading habit. Gracefully drooping branches bear clusters of small pink flowers in June, followed by bright red berries. Blooms over a long period. Bright green, waxy leaves turn a colorful red in the fall. 2-yr., field-grown bushes, 90c each; 2 for \$1.75; 4 for \$3.35, postpaid.

PINK WEIGELA ROSEA

Beautiful trumpet-shaped, rose-pink flowers are borne in thick clusters all along each branch. Blooms are produced in great profusion during May and June; excellent for cut flowers. Shapely, pointed green leaves. Grows 4 to 5 feet tall. May be trimmed as desired. 2-yr., field-grown bushes, 75c each; 2 for \$1.45; 4 for \$2.75, postpaid. King Size, heavy 2-3 ft., \$1.25 each, postpaid.

Pink Weigelia

RED CORALBERRY

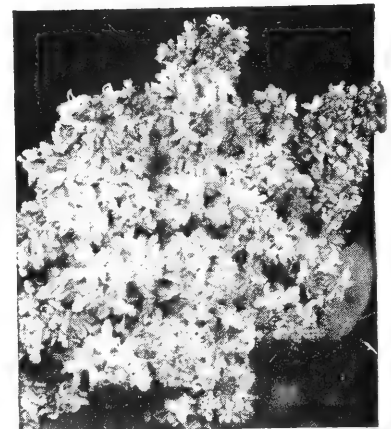

Wonderful for bird cover. Tiny maroon-red berries in compact clusters the full length of the graceful, pendulous branches. Small green wing-like leaves on both sides of each branch. Attracts a great many species of birds. Grows to medium height; thrives in sun or shade and all soils. 2-yr., field-grown bushes, 75c each; 2 for \$1.45; 4 for \$2.75, postpaid. King Size, heavy 2-3 ft., \$1.25 each, postpaid.

Cotoneaster

PERSIAN LILAC

A dwarf variety with slender, arching branches tipped with beautiful panicles of purple flowers. A more profuse bloomer than the common variety; does not sprout so from the roots. Desirable for grouping with other shrubs. Makes a beautiful hedge when planted 2 feet apart and trimmed to desired height. 2-yr., field-grown bushes, 85c each; 2 for \$1.65; 4 for \$3.20, postpaid. King Size, heavy 2-3 ft., \$1.50 each, postpaid.

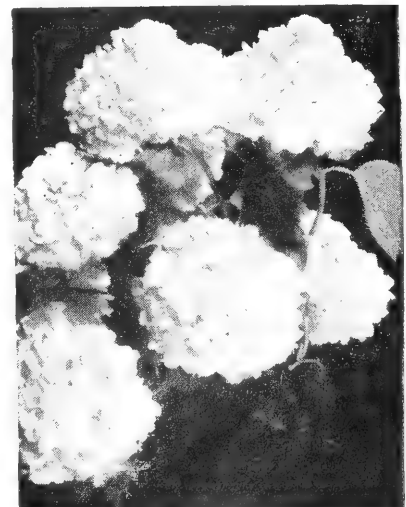

Persian Lilac

WHITE SNOWBALL

Large, white ball-shaped flower heads bloom in spring. Lovely 3-lobed leaves turn shades of bronze and purple in fall. An attractive shrub in all seasons; desirable for lawn specimens and corner plantings. Grows 6 to 8 feet at maturity. 2-yr., field-grown bushes, 90c each; 2 for \$1.75; 4 for \$3.40, postpaid.

WHITE SNOWBERRY

Large clusters of attractive, waxy white berries remain on the shrub through most of the winter, attracting great numbers of birds. Pink flowers bloom during the summer; foliage is lustrous green. Withstands cold winters and poor soil; thrives in sun or shade. Grows to medium height. 2-yr., field grown bushes, 75c each; 2 for \$1.45; 4 for \$2.75, postpaid. King Size, heavy 2-3 ft., \$1.25 each, postpaid.

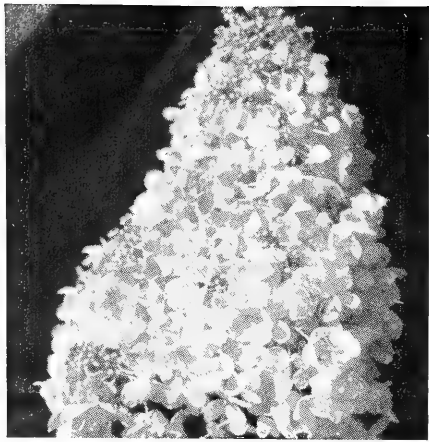

Snowball

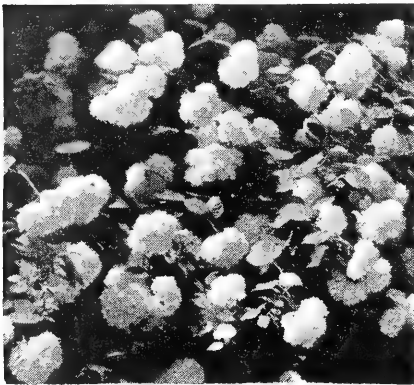

RED BARK DOGWOOD

This charming shrub has long been a favorite and continues to be one of the most popular of flowering shrubs. Masses of tiny white florets form large, ball-shaped flower heads, followed later by clusters of berries. Glossy green foliage turns crimson in the fall. Grows 6 to 8 feet tall. 2-yr., field-grown bushes, 75c each; 2 for \$1.45; 4 for \$2.75, postpaid. King Size, heavy 2-3 ft., \$1.25 each, postpaid.

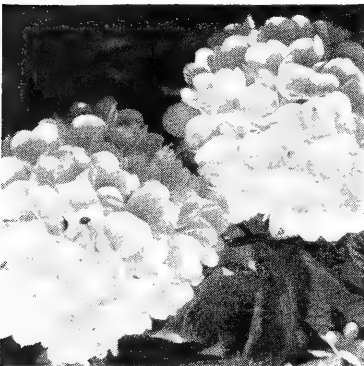

EMLONG'S HARDY SHRUBS

Hydrangea P. G.

Hydrangea A. G.

Japanese Snowball

HYDRANGEA P. G.

Delicate pinkish white blooms, turning rose color in the fall. Flower panicles 6 to 10 inches long and almost as wide. Ideal for foundations, groups, borders. Grows 4 to 5 feet tall. **2-yr.,** blooming-age, 90c each; 2 for \$1.75; 4 for \$3.40, postpaid. 2-3 ft., King Size, \$1.50 each, postpaid.

HYDRANGEA A. G.

Large panicles of white flowers produced in abundance from midsummer through fall. Thrives in sun or shade. **2-yr.,** blooming-age, 90c each; 2 for \$1.75; 4 for \$3.40, postpaid. 2-3 ft., King Size, \$1.50 each, postpaid.

BEAUTY BUSH

Handsome, flowering shrub, upright in growth. Lovely, bell-shaped pink flowers bloom in June. Has excellent foliage. A splendid ornamental; hardy anywhere. **2-yr.,** blooming-age, 90c each; 2 for \$1.75; 4 for \$3.40, postpaid.

Dwarf CRIMSON SPIREA

Crimson-red flowers arranged in large, flat clusters and pointed, green leaves. Grows 3 to 4 feet tall; may be trimmed as desired. Blooms from June until fall. Hardy, thrives everywhere. **2-yr.,** blooming-age bushes, 80c each; 2 for \$1.55; 4 for \$2.85, postpaid.

JAPANESE SNOWBALL

Beautiful new strain of Japanese Snowball with pure white flowers arranged in a perfect ball 3 to 4 inches across. Foliage is large and heavily veined, clean and attractive. Superb flowering shrub that you will want to add to your planting. **2-yr.,** blooming-age, 80c each; 2 for \$1.55, postpaid.

COMMON PURPLE LILAC

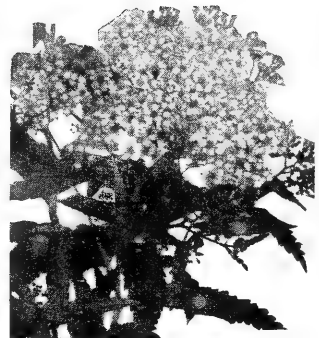

This the old-fashioned, well-known Purple Lilac that is still widely used. Flower panicles are not as large as newer varieties, but the bush grows rapidly and blooms most profusely. Flowers are very fragrant. **2-yr.,** blooming-age, 75c each; 2 for \$1.45; 4 for \$2.80, postpaid.

BRIDAL WREATH SPIREA

Lovely, tall growing shrub that deserves a place in every landscape plan. Tiny, pure white blossoms cover the branches in early spring. Round, glossy green leaves are attractive summer and fall. **2-yr.,** blooming-age 2-3 ft., 65c each; 2 for \$1.25; 4 for \$2.40; 10 for \$5.50; 50 for \$25.00, postpaid.

Beauty Bush

Dwarf Crimson Spirea

VARIEGATED WEIGELA

Beautiful variegated leaves make this shrub stand out wherever it is planted. Low-growing, about 3 feet tall; good for foreground of shrub border, low hedges and fill-in among evergreens. Produces sprays of very pretty rosy-pink, trumpet-shaped flowers. **2-yr.,** blooming-age bushes, 75c each; 2 for \$1.45, postpaid.

Bridal Wreath Spirea • 42 •

Variegated Weigelia

RHODODENDRONS

EXCELLENT NEW HARDY HYBRIDS

One of our most elegant native plants. The Rhododendron is always a thing of beauty and if reasonable care is used in growing them, they are perfectly adaptable for use in most sections of the country for landscape work and foundation plantings. These hybrid varieties will provide a luxurious appearance when matured. Foliage is large, rich, glossy green and stays that way the year around. We cannot guarantee color of bloom, since these are hybrids, but shadings run from pink through the lavender shades to deep rose. They make a most effective display when planted in masses combining all colors for contrast and interest. They will thrive in full sun or shade. They are easy to grow, but do require an acid soil. Rhododendrons, with their magnificent large flowers and luxuriant foliage, are a valuable addition to any garden or landscape. **9-12 in., strong field-grown plants, \$2.25 each; 3 for \$6.50, postpaid.**

VIRGINALIS SNOWFLAKE

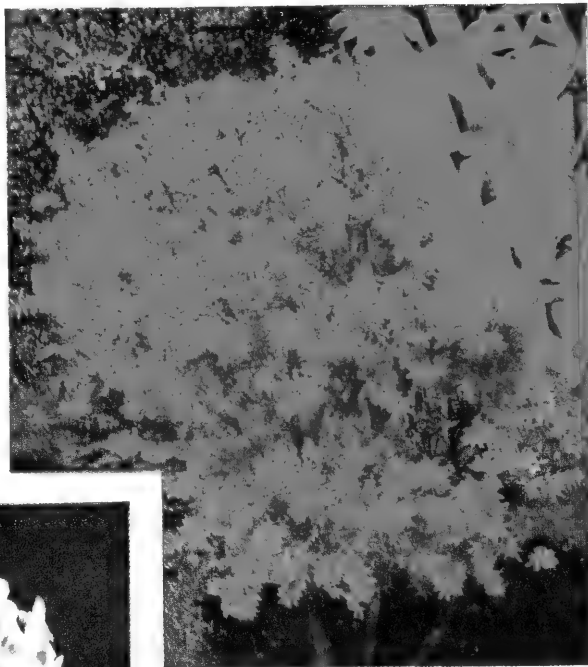

(Double Mock Orange)

Lovely double and semi-double flowers, pure white with golden stamens are borne in large clusters; have a delightful delicate fragrance. Blooms freely in June and July and occasionally thereafter. Shrub grows 6 feet tall; good upright habit; thrives in sun or partial shade, ordinary soil and ordinary moisture. Foliage is bright green, attractive, and a beautiful contrast for the snowy white flowers. May be trimmed as desired. You will want to have this splendid shrub in your landscape planting; it is easy to grow and requires so little care year after year. **2-yr., blooming-age plants, \$1.00 each; 2 for \$1.95; 4 for \$3.80, postpaid. King Size, heavy, 2-3 ft., \$1.50 each, postpaid.**

VIBURNUM BURKWOODI

This Viburnum variety brings you the hardiness, rapid growth, beautiful foliage and general dependability of the family, plus a new loveliness of bloom. The blooms are **Gardenia scented** and are borne in ball-like masses of waxy, bluish-white. Their rich fragrance will envelop your whole lawn in the evening. Shiny, dark green foliage is attractive all summer. Grows 3 to 4 feet tall at maturity. Burkwoodi is the real aristocrat among the Viburnums and we recommend it highly for your garden. **Large 18-24 in., Specimen plants \$2.50 each; 2 for \$4.90, postpaid.**

FORSYTHIA (SPRING GLORY)

Gay, little, 4-petaled golden bell-shaped flowers load the branches in early spring before the leaves appear. They brighten the landscape before other shrubs bloom. Glossy green foliage. Grows 5 to 6 feet tall. **2-yr., blooming-age shrubs, 90c each; 2 for \$1.75; 4 for \$3.25, postpaid. King-Size, heavy, 2-3 ft., \$1.50 each, postpaid.**

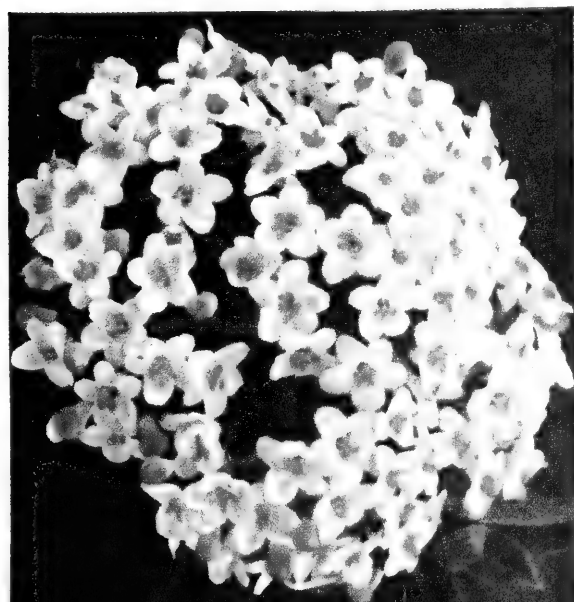

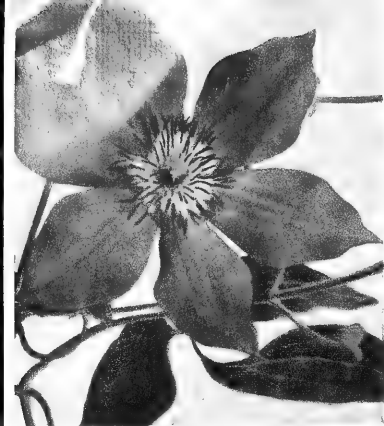

Forsythia

RED WEIGELA

BRISTOL RUBY PAT. NO. 492

Glowing ruby-red flowers, 1 inch across, are produced in great profusion during June and frequently during late summer. Grows to a height of 6 to 7 feet at maturity; habit of growth is symmetrical, little pruning is required. Freest flowering of all shrubs, giving a fine display of color. **2-yr., blooming age bushes, \$1.00 each; 2 for \$1.95; 4 for \$3.80, postpaid. King-Size, heavy, 2-3 ft., \$1.50 each, postpaid.**

Emlong's Hardy, Large Flowering **CLEMATIS**

SOFTEN HARSH LINES

JACKMANI. Extra large flowers. Rich royal purple with velvety sheen. Strong grower and very free-flowering. Blooms from July until frost.

MME. EDOUARD ANDRE. Beautiful dark crimson-red with glowing yellow center. Flowers are 4 to 6 inches when fully expanded. Blooms continuously over a long period.

LANUGINOSA. Large, glistening white flowers of waxy texture. Great profusions of blooms are produced throughout summer and fall. Foliage is luxuriant and attractive.

\$1.35 each; 3 for \$3.75, postpaid.

GOLDEN CHAIN TREE (*Laburnum Vossii*)

This is one of the most beautiful low-growing ornamental trees we know of. Flowers of purest golden-yellow are borne in long, graceful clusters 12 to 18 inches long, during spring. Easy to grow; does well in partial shade or full sun. In full bloom, this rare ornamental is a real show-piece and should be included in every garden or landscape plan. Large, clover-shaped foliage make it attractive in all seasons.

Prices:	Each	2
4-5 ft.	\$3.45	\$6.50
5-6 ft.	4.15	7.95

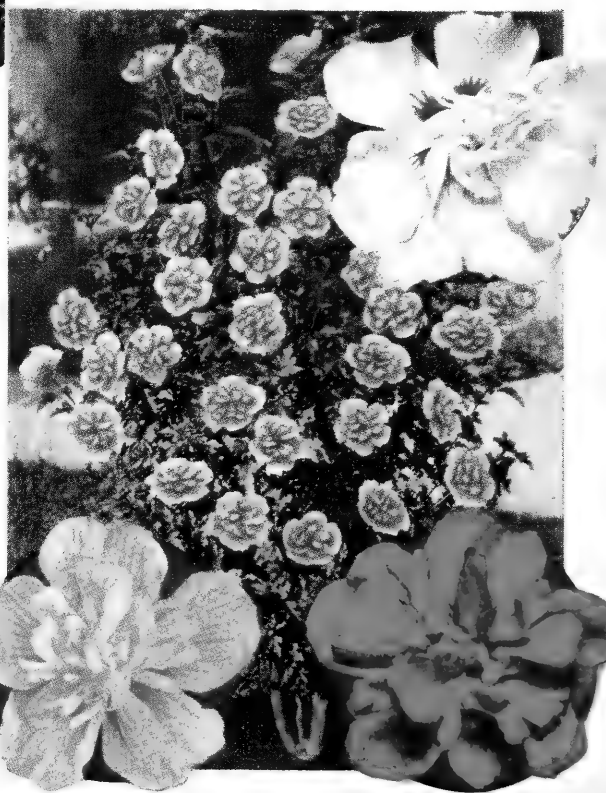

GARDENIA VEITCHI (CAPE JASMINE)

The thick glossy foliage surrounding the creamy white blossoms of the familiar Gardenia, make this dwarf shrub a prize addition to your terrace or sun room. Grow it in pots and enjoy its exotic beauty all year, inside or out. Unequalled for its rich perfume. **Blooming age plants, 95c each; 2 for \$1.85, postpaid.**

ALTHEA — Rose of Sharon

A very pretty, tall growing shrub with large, double rosette flowers and fancy green leaves. Blooms from late summer through the fall months when many other shrubs have finished blooming. A very popular shrub for planting in the border, and well suited for screens or single specimens. Grows 6 to 8 ft. tall; erect and well-shaped. Colors: **Red, Pink, Purple, White.** **2-Yr., blooming-size plants, 80c each; 2 for \$1.55; 4 for \$2.95, postpaid.**

COLORADO BLUE SPRUCE

The most beautiful of all evergreens. Silvery blue-green foliage. Tall growing, compact and perfectly shaped. Makes a fine specimen tree; also provides good contrast among other evergreens. Grows slowly but well worth waiting for! **10-15 in. specimen trees, \$1.75 each; 2 for \$3.35; 4 for \$6.50, postpaid.**

FRAGRANT LILIES

COLORFUL FOR GARDEN SPLENDOR

SPECIOSUM RUBRUM LILIES

Loveliest of all Lilies! Beautiful flowers with gracefully rolled petals of white shaded pink and spotted with crimson; golden brown anthers are large and delicately poised. Blooms in September. Grows 3 to 5 feet tall. Truly elegant for the garden and for bouquets. **75c each; 3 for \$1.98; 6 for \$3.79, postpaid.**

Monarch Lily

MONARCH LILY (LILIUM UMBELLATUM)

Dwarf growing Lily, especially suited to border planting. Flowers of interesting form and intense deep red color are very conspicuous in the garden. Foliage is rich, shiny green and quite luxuriant. Good stems are fine for cutting. **50c each; 3 for \$1.39; 6 for \$2.65, postpaid.**

ESTATE LILY

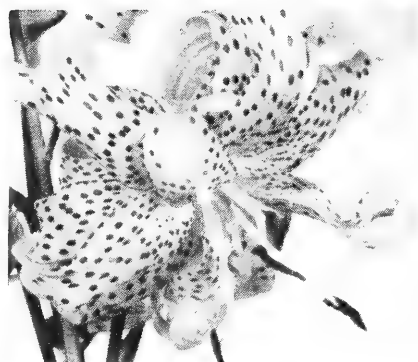

New Hardy Easter Lily. A beautiful, pure white Lily exactly like the greenhouse grown Easter Lilies. This Estate Lily is very hardy and thrives outdoors except in the coldest climates. Flowers are 5 to 6 inches long; trumpet shaped, pure white and very fragrant. Grows 1½ to 3 feet tall. Blooms after Regal Lily. A solid bed of these Estate Lilies is a gorgeous sight in full bloom. **65c each; 3 for \$1.79; 6 for \$3.39, postpaid.**

Estate Lily

Rubrum Lily

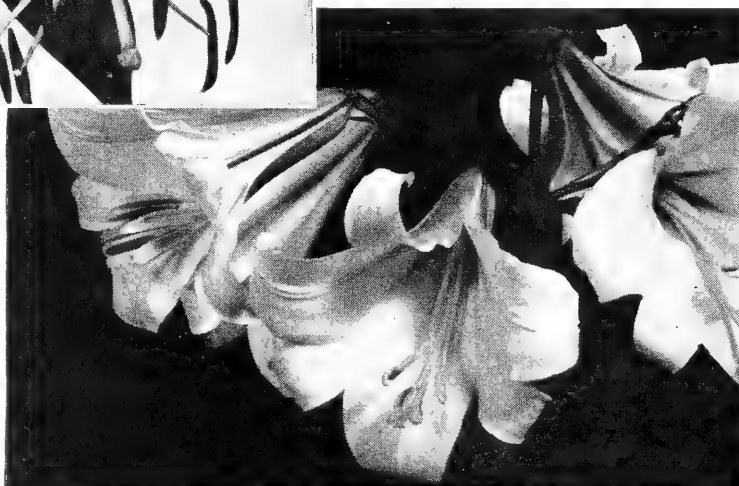

Double Tiger Lily

DOUBLE TIGER LILY (TIGRINUM FLORE-PLENO)

Large, shapely, double flowers of rich orange-red, spotted with glossy black dots. We consider this the finest double Lily. Flowers are showy and of unusually artistic form. **50c each; 3 for \$1.39; 6 for \$2.65, postpaid.**

CORAL LILY (LILIUM TENUIFOLIUM)

Lovely, small-flowering Lily with strongly recurved petals of waxy texture. Blooms early and its bright scarlet color is a most welcome sight. Here is a splendid Lily for the rock garden, as well as the border. Prefers partial shade but will do well in most any location. **65c each; 3 for \$1.79; 6 for \$3.39, postpaid.**

Regal Lily

REGAL LILIES

America's favorite Lily for late spring and early summer bloom. Magnificent, large white flowers suffused pink, with creamy yellow throat. Flowers are very fragrant; borne on sturdy stems 5 to 6 feet tall, densely covered with fine foliage. Planting depth 5 inches. **40c each; 3 for \$1.10; 6 for \$1.98, postpaid.**

REGAL ALBUM. The same as regular Regal Lily, except the flowers are pure white. **50c each; 3 for \$1.30; 6 for \$2.65, postpaid.**

HYBRID REGAL (G. C. Creelman). These Hybrids are larger than regular Regal Lily and bloom most prolifically. Flowers are white lightly tinged pink with yellow throat. **65c each; 3 for \$1.79; 6 for \$3.39, postpaid.**

Emblong's FAMOUS
GLADIOLUS
BETTER COLORS—LARGER SPIKES
New Varieties

GENERAL EISENHOWER. A real giant among Glads. Bright, deep hydrangea-pink color. Huge, ruffled flowers of perfect form; strong, upright stalks.
SPIC AND SPAN. Large, well-spaced flowers on very tall strong spikes. A consistent show winner.
WHITE PICARDY. Beautiful creamy-white, petals slightly ruffled. Large flowers, fine for cutting.
25c each; 3 for 65c; 6 for \$1.10, postpaid.

USE 5% DDT TO CONTROL GLADIOLUS THRIP
Just Before Planting—Dust bulbs lightly with Niagara DDT dust. (Gladiolus frequently become infested with a thrip that feeds on the flowers and foliage, ruining the flowers and making the foliage streaked.)
During Growing Season—Dust 3 times, beginning when plants are only 5 inches high, and making last application just as blooms are beginning to open.
NOTE: When a heavy thrip infestation occurs, or when bulbs are planted several years in the same location, weekly dustings may be necessary to open.
For Best Results—Niagara DDT should be applied when the air is still, preferably in late evening or early morning.
Before Storing Bulbs—After harvesting, cleaning and drying the bulbs in fall, dust them lightly with Niagara DDT before storing them for the winter.

New Unusual ETHIOPIAN GLAD

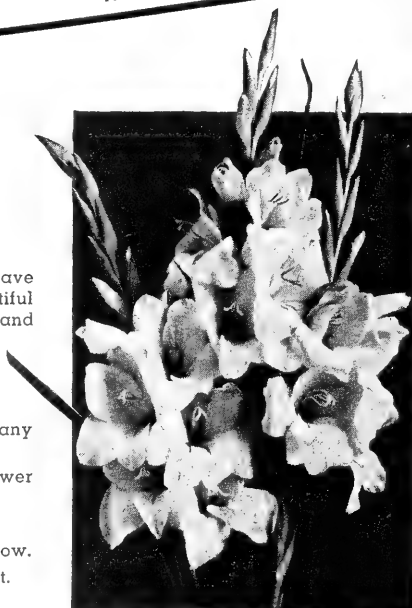

(*Acidanthera Murielae*.) Beautiful new introduction from Abyssinia. Florets are creamy white with heavy blotch of chocolate brown on lower throat petals. Tall, rigid stems 3 ft. or more high, carry many sweet-scented flowers. Plant same as other Glads. Bulbs should be dried as soon as lifted, to prevent rot. Try a planting of these rare and entirely different Glads — they will be the "conversation piece" of your garden.

EMLONG'S COLORFUL SUMMER FLOWERING BULBS

Gloxinia

Anemone

Summer Flowering Hyacinths

Fancy Leaf Caladiums

GLOXINIA

Brilliantly colored, mammoth flowering Gloxinias are easy to grow and respond quickly to the simplest care. The gorgeous bell-shaped, velvety flowers last for months and make a stunning effect against the large, soft downy leaves. For continuous bloom, plant bulbs from January to late May; plant in 5-inch pots (one bulb per pot) and cover with rich fibrous soil. Place in warm sunny location; they do best in a south or east window. When leaves start, water from below or carefully at the surface of the soil to avoid wetting the leaves. After flowering, save the bulbs and replant the next season; bulbs may be used over and over for many years. Choice of colors: **Scarlet, Purple, Rose, Purple Bordered, Scarlet Bordered.** 45c each; 3 for \$1.20; 5 for \$1.75; 10 for \$3.25, postpaid.

ANEMONES

These delightful flowers of French origin will give your garden a brilliant display of color all summer and fall. They are easy to grow and once established will continue to flourish for years. Plant 6 inches deep in moist, yet well drained soil. They grow 12 inches tall and have attractive foliage. **Mixed colors only: Red, Blue, Magenta.** 10 for 70c; 25 for \$1.45; 50 for \$2.75; 100 for \$4.95, postpaid.

SUMMER FLOWERING HYACINTHS

Plant these dainty, pure white flowers in the spring and have a succession of bloom all summer. Strong, 5-foot stems bear 20 to 30 bell-shaped flowers. Plant 4 inches deep; culture is the same as for Gladiolus. For best effect plant in groups here and there in perennial bed. 25c each; 3 for 50c; 8 for \$1.00, postpaid.

FANCY LEAF CALADIUMS

The magnificent large leaves of the Caladium, with their brilliant and interesting color variations produce a truly stunning effect wherever grown, and for table decorations they are unequalled.

Candidum. Magnificent snow white leaves with green veins and network; narrow green border.

Red Flare. Dwarf growing. Large red center with green border. Fine for outdoor growing.

Lord Derby. Transparent rose; dark green ribs, green edge.

Large Bulbs, 40c each; 3 for \$1.10; 6 for \$1.95, postpaid.

OXALIS

(American Shamrock)

Popularly called the American Shamrock. Useful little plants, very effective in masses and for edgings, also for hanging baskets and window boxes. Gayly colored flowers and luxuriant foliage are attractive all summer. 4 for 25c; 8 for 45c; 25 for \$1.00; 50 for \$1.75, postpaid.

Oxalis

Calla Lily

CALLA LILIES

YELLOW CALLA (Elliottiana). A delightful and unusual summer-flowering bulb for your garden. Deep golden yellow flowers are magnificent and produced in abundance. Green foliage is spotted white. You will enjoy these tall, stately plants with their beautiful trumpet-shaped flowers. 60c each; 3 for \$1.65, postpaid.

PINK CALLA (Rehmanni). A new species, different and rare. Exquisite flowers of blush-rose, sweetly scented. An uncommon plant for outdoor culture or potted plants. 95c each; 3 for \$2.75, postpaid.

MADEIRA VINE

A fast growing vine much prized for arbors and porches. Bears panicles of delicate white flowers during summer and fall. Flowers have a delightful fragrance. Thick, waxy, heart-shaped leaves give abundant shade. Easy to grow and thrives in any location; plant 6 inches apart. Plants do not withstand frost and bulbs should be taken up in the fall and stored. 25c each; 3 for 50c; 8 for \$1.00, postpaid.

Madeira Vines

**EMLONG'S
MODERN**

PERENNIALS

SCABIOSA

(Pincushion Flower)

Large, showy blue flowers, valuable for border and cutting. Blooms very freely from June to September. Plants grow 18 to 24 inches tall. Give best results planted in groups of three or more. **Field-grown plants, 45c each; 3 for \$1.20, postpaid.**

Scabiosa

Orange Butterfly Plant

Feverfew

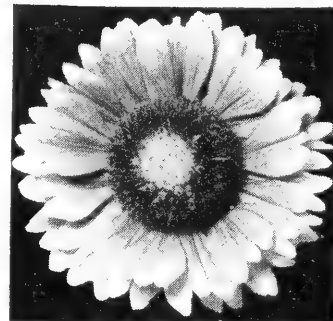

CATANANCHE

(Cupid's Dart)

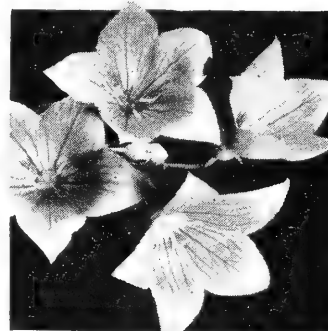

A very choice perennial; produces quantities of bright, deep blue-violet flowers; 2 inches across. Resembles Cornflowers, but blooms are more double. Fuzzy, silvery foliage, silver buds and seed pods, very ornamental. **Field-grown plants, 45c each; 3 for \$1.20, postpaid.**

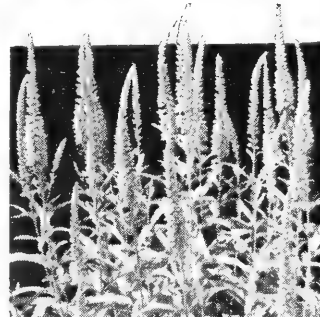

Catananche

Gaillardia, Dazzler

Platycodon

Bluebird Veronica

GAILLARDIA

BURGUNDY. Beautiful flowers of dark Burgundy-red with self-colored, high tufted centers. Blooms profusely through summer and fall. Flowers keep extremely well after cutting; 3 ft. stems. **Field-grown plants, 40c each; 3 for \$1.00, postpaid.**

DAZZLER. One of the most distinctive of the Gaillardia family. Blooms are brilliant yellow centered with a disc of satiny maroon. Very large flowers are borne on strong 2-foot stems. **Field-grown plants, 40c each; 3 for \$1.00, postpaid.**

SUN GOD. Newest of the pure yellow Gaillardias. Color is a rich golden-yellow. Immense blooms on erect stems, 2 feet tall. Hardy, easy to grow; will bloom all summer if flowers are cut. **Field-grown plants, 40c each; 3 for \$1.00, postpaid.**

PLATYCODON

(Balloon Flower.) Unique, rich-blue, 2-inch flowers look like balloons before they open. Grow 2 feet tall and bear loads of flowers from June to October. Very showy in the garden and in bouquets. **Field-grown plants, 45c each; 3 for \$1.20, postpaid.**

ORANGE BUTTERFLY PLANT

(Asclepias.) Sweet-scented, 3 to 4-inch flat clusters of the brightest orange flowers you ever saw. Attracts butterflies. Dwarf growing; very hardy, withstands severe winters and hottest summers. Very free flowering from July to fall. A splendid color addition to the perennial border. **Field-grown plants, 45c each; 3 for \$1.20, postpaid.**

BLUEBIRD VERONICA

The aristocrat of perennials. Heavy spikes completely covered with bloom. Deep rich blue color. Blooms freely providing a fine display from midsummer through fall. **Field-grown plants, 50c each; 3 for \$1.35, postpaid.**

FEVERFEW

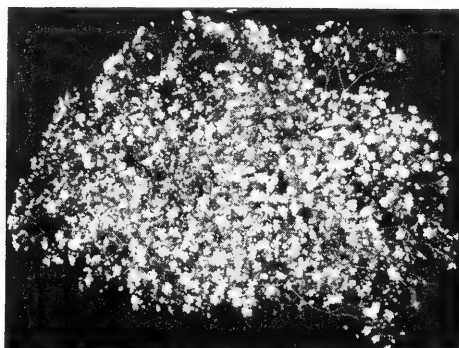

Lovely, small, double, pure white flowers and luxuriant, finely divided foliage; make an effective display all summer. Plant 1 foot apart in sunny border. Bears a profusion of blooms that are perfect for bouquets. **Field-grown plants, 40c each; 3 for \$1.00, postpaid.**

BABY'S BREATH

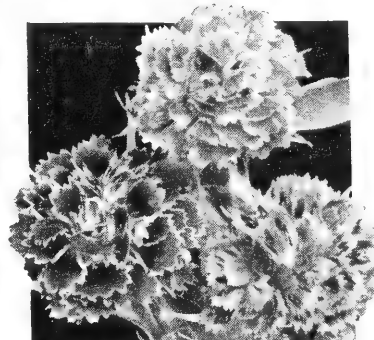

(Gypsophila.) Popular, hardy perennial that produces great quantities of misty white snowflake blossoms. Much loved for its delicate appearance; ideal bouquet filler. Grows 12 to 18 inches tall. **Blooming-age plants, 40c each; 3 for \$1.00, postpaid.**

DIANTHUS

Hardy and easy to grow in all soils. Beautiful, sweet scented flowers, produced in great quantities all summer long. Tall, erect stems and attractive, finely cut foliage, are excellent for cutting. No garden is really complete without a planting of Dianthus. Their bright colors and rich fragrance endear them to all who love flowers. Plant them in groups for the most effective display. **Mixed colors. 40c each; 3 for \$1.00, postpaid.**

Baby's Breath

Dianthus

New CUSHION MUMS

1952 INTRODUCTIONS

Up to 700 Blooms The First Year!

\$1.00 each; 3 for \$2.90; 5 for \$4.75, postpaid.

Large Flowering Mums

LONG STEMS - TALL GROWING

The aristocrats among Chrysanthemums! Blooms are extremely large and full, often measuring 6 inches across if disbudded. Tall, erect, strong stems make them perfect for stately backgrounds, and for spectacular floral arrangements they are without equal. Healthy, vigorous growing plants that will thrive and bloom year after year with little care. We believe you will want to add some of these varieties to your collection this spring.

HENRY SUTCLIFF. English type. Brilliant yellow blooms of large size and outstanding quality.

MY LADY. Beautiful combination of gold with bronze and red shadings. Blooms profusely all season.

HERO. Gleaming bright scarlet-red to spectrum-red with yellow-bronze reverse. Very free flowering.

CORAL SEA. Coral blended with deep salmon and buff. Very lovely.

SEPTEMBER DAWN. Bright rose-pink. Large, double blooms.

ALABASTER. English type. Early blooming; large white blooms, slightly incurved.

BRONZE BUTTERCUP. English. Rich bronze with golden buff reverse.

ENCHANTMENT. Extremely large lavender flowers.

MT. SHASTA DAISY

Beautiful new double-flowering Daisy that will add distinction to your garden. Pure white blooms with high tufted center and petals fringed at the edges, produced in abundance over long season. Tough, wiry stems, fine for cutting. Plants very hardy. 60c each; 3 for \$1.75; 5 for \$2.75, postpaid.

BLUE MIST SPIREA
(*Caryopteris*)

Lovely new Blue Spirea. A cloud of fringed powder-blue flowers cover the low rounded plant in August through fall. Grows 2 feet tall; fine foliage is silvery green. Perfect for border or foreground of shrub plantings. 2-yr., field-grown plants, \$1.00 each; 2 for \$1.90; 4 for \$3.65, postpaid.

Dwarf Fruit Trees

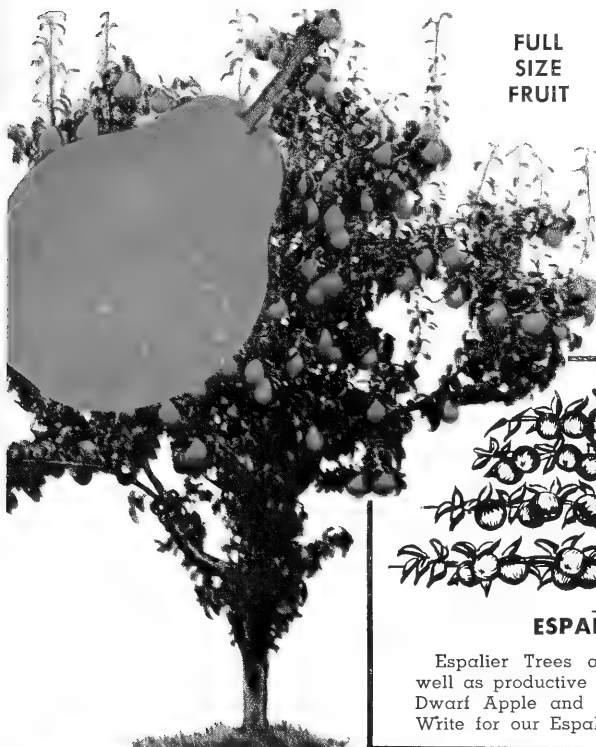

DWARF APPLE TREES

Dwarf Apple Trees are in great demand by the grower with little space. These small trees grow about 8 to 12 feet at maturity, but they will produce the same large size fruit as the standard trees. Very attractive in bloom and the fruit is easy to pick. They often start bearing the second year after planting.

Important: Plant with bud union 2 to 3 inches above surface of the ground. Limited supply. Order now.

Varieties:

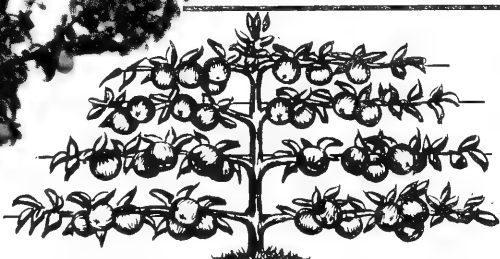

Red Delicious, McIntosh, Cortland, Yellow Delicious.

TerraKem

The Revolutionary New SOIL CONDITIONER

**WORKS WONDERS with Hard Packed Soil
FOR BETTER LAWNS, GARDENS – ECONOMICAL . . .
TREATS THE SOIL WITHOUT ANY TOIL**

1/2-lb. Bag (Enough for 100 square feet) \$2.10, postpaid.

Now it is possible to economically condition barren soils and convert them into the equivalent of good garden loam. TerraKem breaks up the soil structure into a multitude of small, loose crumbly pellets. Water and air have free access to this treated soil. Hence seeds germinate faster, roots make a healthy deep growth and yields are increased.

JUST SPRINKLE OR SPRAY

TerraKem is packed as dry crystals that are readily soluble in water. The solution may be applied to lawns or gardens with an ordinary sprinkling can or sprayer. The recommended solution is 1/2 pound of TerraKem dissolved in 10 gallons of water. This quantity will treat 100 square feet with maximum effectiveness.

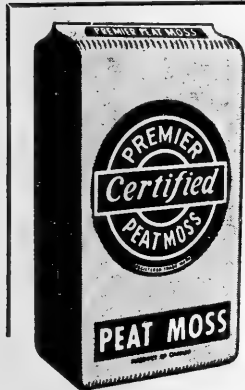

ONE TREATMENT DOES IT

TerraKem treated soil retains its loam-like structure under repeated wetting by rain or watering. A single application will help establish sturdy stands of turf and flourishing plant life all season long.

NON-TOXIC – HARMLESS

TerraKem can be applied directly to existing lawns and gardens without affecting the normal functions of plant growth and with immediate benefits to the soil. It is non-poisonous and harmless to handle.

Developed and tested under every conceivable condition by Niagara, one of the largest producers of agricultural chemicals, TerraKem is a fully proved product. Your lawn and gardens will take on new life with this wonder-working soil improver. **1/2-lb. Bag, \$2.10, postpaid.**

PEAT MOSS

A natural soil conditioner. The value of Peat Moss, like any other humus, is largely its great water-holding capacity; it holds 7 to 10 times its weight in water.

When worked into planting soil it holds moisture in reserve for the young plants and stimulates rapid growth. As a mulch it prevents the evaporation of water from ground surface and discourages weed growth. As it rots away it adds humus to the soil. Mildly acid, it is a necessity for acid soil plants.

USE PEAT WHEN YOU PLANT.
One Large Bag for.....\$1.00

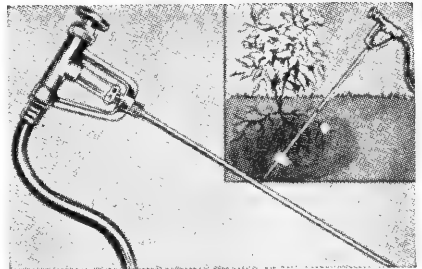

ROSS ROOT FEEDER

Gets fertilizer right down to the roots where it does the most good. Ideal for watering and fertilizing trees, shrubs and rose bushes. Easy to use; attaches directly to garden hose. **With 12 Complete Plant Food Cartridges, postpaid.....\$5.45**

Additional Cartridges:
Box of 12, postpaid.....\$1.00

**EMLONG'S
MODERN**

PERENNIALS

RED HOT POKER (Tritoma)

One of the most startling of autumn-blooming plants with dense cigar-shaped spikes of red and yellow tubular flowers rising like sky rockets above other garden subjects so that it draws attention from everything around it. Appropriately called Torch Lily, Red Hot Poker, Poker Plant or Flame Flower. Ideal for colorful bouquets. 65c each; 2 for \$1.25; 4 for \$2.35, postpaid.

BLEEDING HEART (Dicentra Spectabilis)

One of the loveliest of the spring flowering plants. Bears numerous rosy-red, heart-shaped, pendant flowers on long arching stems. Plants are hardy and bloom over a long period. Foliage is very ornamental. Bleeding Heart was a great favorite in generations past and is still very popular. You will enjoy its graceful beauty in the perennial border and in charming floral arrangements. Try a planting this spring. 2-yr. plants, 75c each; 3 for \$2.00, postpaid.

Bleeding Heart

Red Hot Poker

PHLOX SUBULATA (Creeping Phlox)

Masses of dainty, colorful flowers cover the plants all through spring, completely hiding the attractive, mosslike, evergreen foliage. A perfect plant for terraces, banks, borders, walk edgings, the rockery; and invaluable for carpeting bare spots. Your choice of colors:

Atropurpurea. Deep carmine-red.

Moerheimi. Charming pink.

Laphami. Beautiful lilac shade.

Alba. Pure white. Very effective for edging colorful borders.

2 for 80c; 4 for \$1.50; 8 for \$2.85; 12 for \$3.85, postpaid.

Double HOLLYHOCKS

New hybrid strain of an old garden favorite. One of the best background plants for hardy border and for a mass of color against walls and along fences. Produces large, double, very lovely flowers. Hardy, grows 5 feet tall. We consider these new, hardy Hollyhocks a "must" for every garden. **Colors:** Newport Pink, Garnet Red, Black Gem, Golden Yellow, Blush Sunset, Lilac. 40c each; 6 for \$1.95; 12 for \$3.50, postpaid.

Hardy AMARYLLIS HYBRIDS

These are the finest Amaryllis in cultivation. The flowers are superbly shaped and of mammoth size, ranging in color from pure white grounds with varied markings of rose and crimson, to the richest self-colors as scarlet, orange-red and crimson. Use them outdoors in spring and summer and for indoor winter planting. Jumbo blooming-size bulbs. 85c each; 2 for \$1.60; 4 for \$3.10, postpaid.

FIREBALL (Helianthemum)

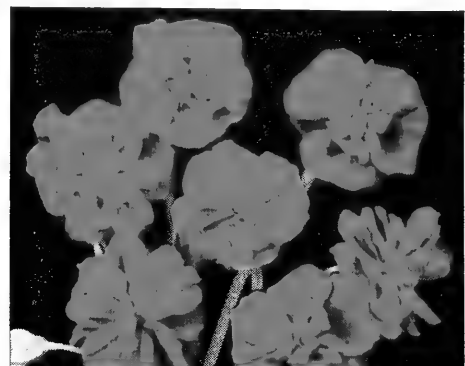

Charming new addition to the Helianthemum family. Dwarf plant with stems rising 6 inches above foliage, each topped with ball-shaped blooms of bright orange red. Ideal for rockery or border. Glossy green foliage. Get this new Fireball and enjoy its blooms this spring. A perennial—it will last for years. 50c each; 2 for 95c; 4 for \$1.80, postpaid.

Double Hollyhocks

Amaryllis

Fireball

Choice PERENNIALS

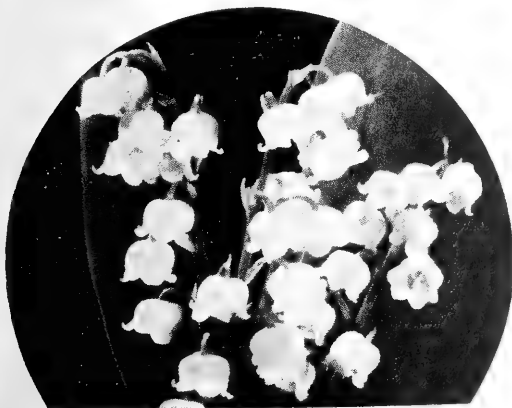

STOKESIA ASTER BLUE MOON

Large, 5 to 6 inch flowers of exquisite light blue are borne on upright 12 to 18 inch stems. Easily grown in sun or partial shade. An excellent plant for forepart of border. Blooms off and on all summer. 45c each; 3 for \$1.25, postpaid.

Armeria

LILY-OF-THE-VALLEY

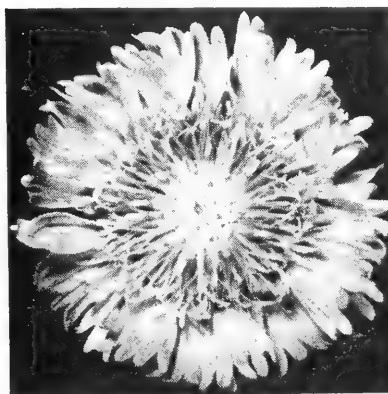

A favorite perennial that is used widely in shaded areas and borders. Exquisite, tiny waxy-white, bell-shaped blossoms hang from 10-inch stems; their delightful fragrance perfumes the whole garden. Attractive green foliage is ornamental all season. Plants are prolific growers and spread rapidly. Ideal for mass plantings. 3 for 60c; 6 for \$1.00, postpaid.

PERUVIAN DAFFODIL

(*Ismene Calathina*.) One of the choicest of garden subjects is the stately and impressive Peruvian Daffodil. Large, snowy-white, Amaryllis-like flowers, often measure 4 to 5 inches across. Strong stems, 2½ to 3 feet tall, carry 3 or 4 magnificent blooms that are very stunning in the garden and for bouquets. Delightfully fragrant. Jumbo Size Bulbs, 75c each; 3 for \$1.45; 4 for \$2.75, postpaid.

CAMPANULA

Beautiful new perennial; tall, erect growing. Unique cup-and-saucer-shaped flowers are produced freely during May and June. Finely formed foliage and large flowers are very showy for background planting. Colors: Blue, White, Pink. 40c each; 3 for \$1.00, postpaid.

Stokesia Aster

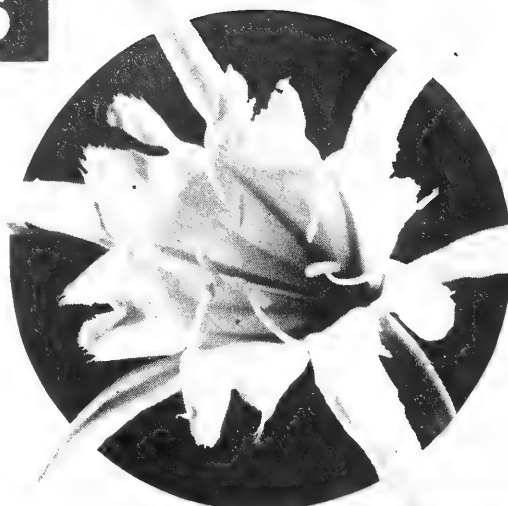

ARMERIA GLORY OF HOLLAND

Low growing perennial with tufted habit of growth. Large, fluffy ball-shaped flowers of clear, deep pink are borne on the tip of each stem. Blooms from May through July. Desirable for edgings to borders and form lovely clumps in rock garden. Plant 6 to 8 inches apart. 60c each; 2 for \$1.10, postpaid.

DWARF BLUE ASTER

Charming blue flowers with golden yellow centers are produced freely from August through October. Plants grow 18 to 24 inches tall with many branches. Clusters of flowers all along the stems make a full flower show when other flowers are scarce. Plant as follow-ups to Iris and other early blooming bulbs which leave colorless spots in the garden at this time of year. 50c each; 3 for \$1.35, postpaid.

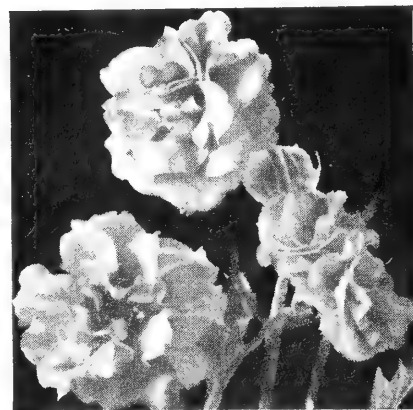

Peruvian Daffodil

VIOLAS

Violas, or Hardy Pansies as they are often called, are among the most beloved of all perennials. The dainty, colorful blossoms have a particular appeal to all who love flowers. They are one of the easiest flowers to grow and one of the most satisfactory, for they thrive anywhere and bloom from early spring until frost. Plants grow 6 to 8 inches tall and are well suited for low borders and for masses of bright color in the rock garden. Your choice of colors: Blue, Apricot, Scarlet, Golden Yellow. 40c each; 3 for \$1.10, postpaid.

GEUM

Splendid plant for the hardy border. Blooms freely from May through October. Large blooms 1½ to 3 inches across with large waxy petals, borne on 12 to 18-inch stems. Very attractive foliage. Mrs. Bradshaw. Fiery-red, double blooms. Lady Stratheden. Rich golden yellow flowers. 50c each; 3 for \$1.35, postpaid.

Sensational MORaine LOCUST

(Plant Pat. No. 836)

FAST GROWING SHADE TREE

It gives us great pleasure to offer this sensational, new shade tree, because we believe the Moraine Locust so perfectly fills the needs of today. For the many new homes which have no shade trees whatsoever, it will provide good shade quicker than any tree we know of, and is superior in many ways to other fast growing trees, and it is easy to transplant.

Grows Anywhere — Long-Lived — Seedless

The Moraine Locust is a hardy, drought-resistant tree that grows successfully on a wide range of soils. It will withstand the same extremes in temperature as the common Honey Locust and is as long-lived. Because the Moraine Locust is sterile, there are no unsightly seed pods to clutter up the lawn; non-fruiting habit also makes for better foliage.

Beneficial to Lawns

The Moraine Locust forms a large, beautifully shaped head, similar in appearance to the American Elm. The finely cut foliage allows enough light to filter through to promote excellent growth of lawns, yet provides shade dense enough to discourage growth of crabgrass. Whether your need is for good shade quickly, or to replace undesirable trees, we believe you will agree the Moraine Locust is the answer. Try a planting this spring. 5 to 6 ft. trees, \$5.00 each; 2 for \$9.80; 4 for \$19.20.

Moraine Locust

Sensational RED LEAF PEACH

You'll be delighted with the ornamental qualities of this new, utterly different Peach tree, whether you use it among your other plantings, or as a single specimen on your lawn. Bright **red foliage** appears early in the spring, changing gradually to deep maroon towards fall. Fragrant, deep-rose blossoms contrast beautifully with the colorful foliage.

This sensational tree produces a full crop of small, perfectly round, **edible Peaches**, about 1½ inches in diameter. The Peaches are specially fine for pickling—flesh is white and has a delicious, sweet flavor. Fruits have an over-all red color, lightly splotted. Ripen quite late.

A planting of these trees will provide year-around interest and pleasure. Try a planting this spring.

DWARF TROPICAL FRUIT

AMERICAN WONDER LEMON

Sometimes offered as Ponderosa Lemon. The most unusual and novel plant ever offered for indoor culture. During the blooming season, several times a year, the plants are covered with fragrant waxy white flowers, which are followed by large Lemons often weighing a pound. You will enjoy this unique, easy to grow, house plant the year around. 95c each; 2 for \$1.80, postpaid.

DWARF ORANGE

(Othaheite Orange.) A grand pot plant of great beauty and novelty. Has attractive glossy green leaves and fragrant, waxy white blossoms tinged with pink. Fruit is about one-fourth the size of ordinary oranges, and it is not unusual for a small plant to carry as many as 10 to 12 oranges at a time. In bloom or in fruiting season here is a beautiful and highly interesting house plant. 95c each; 2 for \$1.80, postpaid.

Dwarf Orange

BE DIFFERENT Grow Emblong's Novelty Fruits

Juneberry

JUNE BERRY

Delicious wine-red berries are produced in great abundance during June. Excellent for jams and jelly. The shrub is one of the earliest to bloom in spring and is a breathtaking sight with its long, graceful racemes of delicate white blossoms. The leaves appear after the blossoms and have a silvery cast which makes a nice contrast among other shrubs. The berries are somewhat similar in appearance to blueberries and birds find them a rare delicacy. 2-yr., field-grown plants, \$1.00 each; 2 for \$1.95; 4 for \$3.80, postpaid.

FIGS

Sure you can grow them! Our everbearing Figs are developed for growing in the North, as they do well in either tubs or out-of-doors; however they cannot be grown successfully outdoors north of Philadelphia. (We recommend the culture north of that point.) The root is hardy and will survive even though the top is frozen. Plants bear the first year they are set out. The fruit is of good size, sweet and delicious. Be the first in your locality to have this entirely different fruit. 2-3 ft., \$1.25 each; 2 for \$2.40; 4 for \$4.50, postpaid.

PERSIMMONS

You will enjoy the delicious, bright golden-orange fruits of this hardy and very ornamental tree for years to come. Fruits are sweet as honey and have a rich spicy flavor; highly prized for preserves and jelly. Trees are thrifty, strong growers and young bearing. 2-3 ft., 95c each; 2 for \$1.85; 4 for \$3.60, postpaid.

HIGH BUSH CRANBERRY

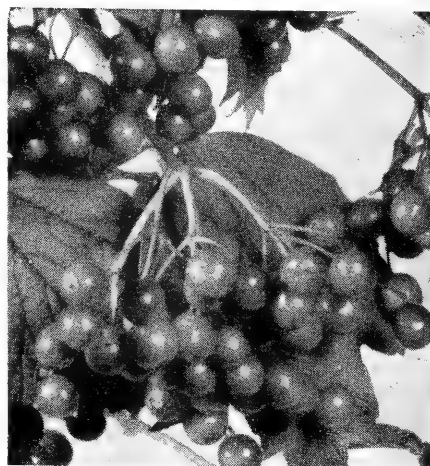

Great clusters of brilliant red berries appear in late summer and remain on the branches through most of the winter; make very delicious jelly. The shrub is ornamental most of the year; large flat clusters of white flowers cover the branches in early spring. 2-yr., field-grown plants, \$1.00 each; 2 for \$1.95; 4 for \$3.80, postpaid.

SAVE MONEY - GROW FAST

40c Each 3 for \$1.15 10 for \$3.75 Postpaid

Here is a rare opportunity for young, budget-minded homemakers to have a complete planting of colorful shrubs at very little cost. These Baby Shrubs are priced so low you can afford to have all you need right now. They are 1-year old, strong, thrifty and rapid growing, and in a year or two will be as large as those costing much more. Why wait years to finish your planting? Plant Baby Shrubs this spring.

Hydrangea A. G. Produces large panicles of white flowers in great abundance from midsummer through fall. Will thrive in sun or shade. Grows 3 to 4 feet tall. Ideal for foundations.

Snowball. Large, white balls composed of tiny florets, bloom in spring. Lovely 3-lobed leaves turn shades of bronze and purple in fall. Desirable for lawn specimens and corner plantings.

Althea. Commonly called Rose of Sharon. Large, double rosette flowers bloom from late summer through fall. Attractive green foliage. Popular for shrub border; grows 6 to 8 feet tall.

Calycanthus. Delightful, spicy scented flowers with curly, mahogany-brown petals. Large, deeply veined, green leaves. Grows 4 to 5 feet tall. Ideal for terrace and front of border.

Honeysuckle Zabeli. Beautiful large flowers of purest red color and big, waxy green leaves make this a most attractive shrub; bright red berries appear in the fall and remain through the winter. Height 7 feet at maturity.

White Snowberry. Large clusters of attractive waxy white berries remain on branches most of the winter. Produces lovely pink flowers in summer; has lustrous green foliage. Height 3 to 4 ft.

Indian Currant. Produces an abundance of tiny, maroon-red berries in compact clusters all along the graceful, pendulous branches. Grows medium tall. The berries attract numerous birds.

Scarlet Flowering Quince. Bright scarlet-red flowers with golden stamens make a very colorful display in spring. Grows 3 to 5 feet tall; good for foreground of border, or a fine dense hedge.

Philadelphus Virginialis. Large clusters of lovely white flowers with golden stamens bloom in June and July. Delightfully fragrant. Grows 5 to 6 feet tall. Thrives in sun or shade.

Weigela Rosea. Large trumpet-shaped flowers of rose-pink are thickly clustered on the branches in May and June. Foliage is rich deep green. Fine tall growing shrub for border or hedge.

Forsythia Spectabilis. Bright golden-yellow, tiny four-petaled flowers; earliest to bloom in spring. Tall growing, fine for background planting. Their cheerful color is a welcome sight in spring.

Cotoneaster Acutifolia. Tall growing, ornamental shrub with small reddish leaves which take on a more brilliant coloring in fall. Small black fruits appear in the fall.

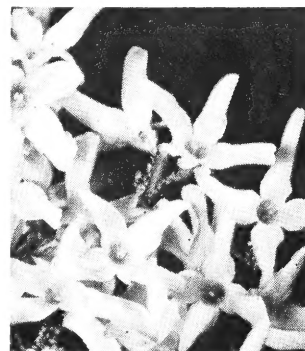

Abelia Grandiflora. A beautiful shrub that remains attractive most of the year. Dainty, bell-shaped, pink and white flowers bloom from spring until frost. Foliage is glossy and almost evergreen.

Persian Lilac. A dwarf variety with slender, arching branches tipped with beautiful panicles of purple flowers. Makes a beautiful hedge when planted 2 feet apart and trimmed as desired.

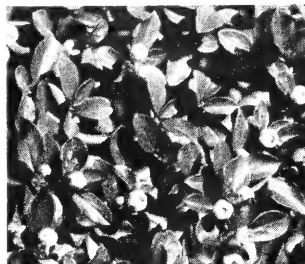

Hydrangea P. G. Delicate pinkish-white blooms, turning rose color in the fall. Flower panicles 6 to 10 inches long and almost as wide. Grows 4 to 5 feet tall. Ideal for groups and borders.

Red Bark Dogwood. Masses of tiny white florets form large, ball-shaped flower heads, followed later by large clusters of berries. Handsome glossy green foliage. Grows 6 to 8 feet tall.

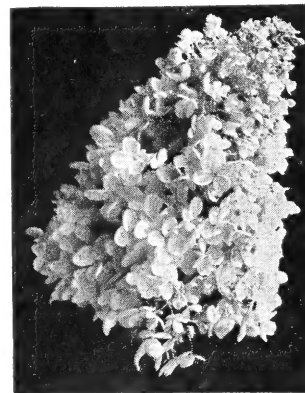

Crimson Spirea. Hardy, low growing shrub, thrives anywhere. Crimson red flowers arranged in large, flat clusters bloom from June until fall. Excellent for terrace, hedge or corner planting.

COLOR TO YOUR PLANTING**

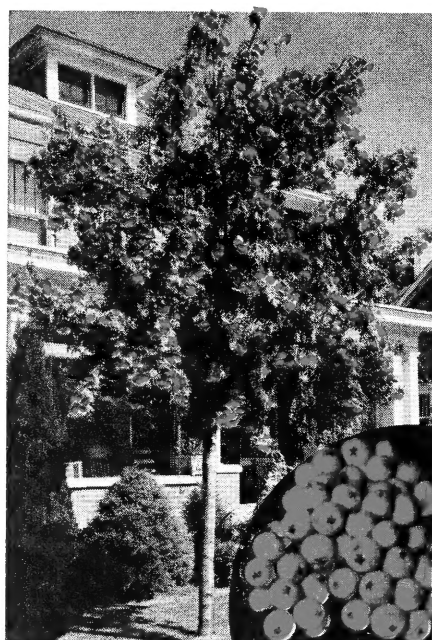

CRIMSON KING MAPLE

(Plant Pat. No. 735)

Truly the best Red Maple grown. A great improvement over Schwedler's purple leaf Maple. In the spring the foliage is a much richer red and this brilliant coloring is carried through the entire season. Unquestionably, Crimson King is a superb tree for single specimens, along streets and driveways, and every landscape purpose; providing striking contrast among other trees.

Crimson King is hardy and grows rapidly; reaches 50 feet at maturity. Your lawn and garden will take on a new elegance and distinction with a planting of Crimson King.

THUNDERCLOUD (Purple Leaved Plum)

We consider this new variety an improvement over the more common types, particularly as to color. The foliage is a brighter, richer purple, which holds up throughout the season, providing a pleasing contrast among other trees and shrubs. Low-growing, compact habit; very ornamental and useful for lawn specimen and among shrubs.
